DISCUSSION

At the City Council meeting of June 2, 2009 the Mayor requested this matter be place on a study session agenda for council consideration and policy direction to staff as appropriate. There are currently no specific rules of this nature. If the City Council were to direct the creation of such a rule, staff would craft a consistent amendment to the City Council Policy and Operations Manual and place that item on an upcoming Formal Meeting of the City Council for consideration by the City Council.
