

## AGENDA REPORT

**Meeting Date:** June 22, 2010  
**Item Number:** G-13  
**To:** Honorable Mayor & City Council  
**From:** David L. Snowden, Chief of Police  
David Schirmer, Chief Information Officer  
**Subject:** AUTHORIZATION TO ISSUE A PURCHASE ORDER TO MAINLINE INFORMATION SYSTEMS IN THE AMOUNT OF \$70,332.72 FOR THE PURCHASE OF ENTERPRISE SERVERS AND STORAGE FOR THE POLICE DEPARTMENT  
**Attachments:** 1. Mainline Quote  
2. GSA Certificate

---

### RECOMMENDATION

The Police Department, in partnership with the Information Technology Department, requests approval of a purchase order to Mainline Information Systems in the amount of \$70,332.72 for the purchase of an enterprise server and storage solution for the Police Department's High Tech Crimes Unit.

### INTRODUCTION

This is a formal request for approval of the purchase of enterprise servers and storage to securely store sensitive digital evidence for the High Tech Crimes Unit. This investigative unit deals with the collection, analysis and reporting of digital evidence in support of criminal investigations. The requested hardware and equipment will primarily be used for storage of evidence acquired from various collected digital devices such as computer hard drives and cell phones in ongoing investigations.

### DISCUSSION

On April 6, 2010, the City Council appropriated \$353,000 from the Seized & Forfeited Property Fund to enhance Police Department operations. As part of that appropriation, \$75,000 was set aside for this server and storage purchase.

The enterprise storage solution identified will provide for expanded storage as required by state mandated retention guidelines. Additionally, this enterprise server and storage

solution will be used to more effectively manage the various client / forensic examiner resources needed to effectively complete digital forensic analyses. The benefit to the City is that this equipment acquisition will provide a management and storage solution that will better assist police investigators in addressing criminal matters brought before them where digital evidence is involved.

The enterprise server and storage solution will be acquired from Mainline Information Systems which has a U.S. General Services Administration (GSA) contract (GSA contract #GS-35F-0216L, valid through February 6, 2011). Beverly Hills Municipal Code section 3-2-205 provides for:

“Purchases of supplies, equipment or services where competitive bid procedures have already been utilized, such as purchases from federal, state or county governments, including, state of California agencies, counties, cities, joint power agencies, special districts, and nonprofit agencies whose main purpose is to assist cities or other public entities (i.e., League of California Cities, Independent Cities Association, etc.) and the supplies or equipment are supplied to the city at the same or better price, as was obtained through the competitive bid procedures of that entity. (Ord. 06-O-2504, eff. 10-20-2006).”

Mainline Information System’s GSA contract is the result of such a competitive bid process.

In addition, to ensure that the City is receiving the best possible price irrespective of GSA pricing, Information Technology completed a cost comparative analysis. Staff found that the pricing offered by Mainline Information Systems is the lowest pricing currently available. The breakdown of the three quotes received were as follows:

	<b>Vendor Name</b>	<b>Amount</b>
1	Mainline Information Systems	\$70,332.72
2	Govconnection	\$71,291.54
3	DSW a Sarcom Company	\$74,342.38

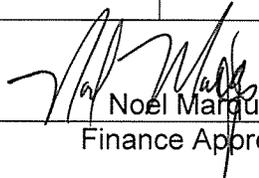

For information purposes, installation and configuration services related to this purchase will be completed by Information Technology staff and Information Technology consultants under a separate service agreement for a cost of \$4,800. This cost will be shared by the Police Department and Information Technology.

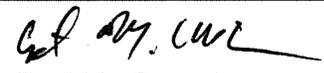

**FISCAL IMPACT**

This purchase of the enterprise server and storage solution for the High Tech Crimes Unit is part of the Police Department’s work plan for fiscal year 09-10. Funds are available in the Police Department’s Seized & Forfeit Property - Federal Fund.

Funds for this project are provided as follows:

Budget Unit	Account #	Description of Fund Source/Account #	Amount
3202105E126	74160	Seized & Forfeited Property-Federal Fund - Computer Equipment	\$ 70,332.72
