Councilmember Brien announced the upcoming activities surrounding the construction of the Wallis Annenberg Center for the Performing Arts and City Parking Garage. Mr. Brien mentioned the closure of Crescent Drive and provided contact information regarding the closure.

Councilmember Brucker provided an update on the utility billing workshop held last week in City Hall.

D. PUBLIC HEARING

TO SET:

None

TO CONSIDER:

This being the time and place set, a public hearing was held to consider:

- 1. APPEAL OF THE BUILDING OFFICIAL'S REVOCATION OF BUILDING PERMIT NO. BS0725308 FOR THE PROPERTY LOCATED AT 1201 LAUREL WAY.**
Comment: The applicant has filed an appeal of the Building Official's decision to revoke a building permit previously issued to allow the construction of a major addition and remodel of the existing single family residence. This item is continued from the City Council Meeting of February 16, 2010.

The notice of the hearing was published as required by law and an affidavit to this effect is on file with the City Clerk.

The records and files of the Community Development Department and the report of the Assistant Director of Community Development/Building and Safety concerning this matter shall be entered into the record.

For the record, Councilmember Brucker mentioned that he had asked staff to contact the applicant and Mr. Bae and request they provide the daily log reports for the week prior to and the week following March 12, 2008. Community Services Director Healy Keene indicated staff has asked for the entire daily contractor's log.

City Attorney Larry Wiener reviewed the procedures that will be followed during this evening's public hearing which included swearing in of all witnesses (at the request of the appellant) and noted there will be an opportunity to examine witnesses.

City Clerk Pope swore in the witnesses.

Assistant Director of Community Development/City Building Official George Chavez stated staff has determined that the construction is not consistent with the approved plan, violation of the City regulation currently exists and staff's request for as-built drawings has not been received since the stop work order issued in July, 2009. Mr. Chavez presented the staff report and PowerPoint presentation which included the project description, project information, illustration of nonconforming portions of the structure. He also addressed the question if the revocation was appropriate, the approval process, and noted that there is no evidence of inspection records or documentation citing damage of the property. In addition, there is no evidence that the City inspector approved construction exceeding 50%. Senior Building Inspector Steven Tabor and Inspection & Plan Review and Building Inspection Manager David Yelton presented their reports to the Council. Mr. Chavez concluded by noting there is an avenue available to move forward with this project without revoking the permit.

Kevin McDonnell, Jeffer, Mangels Butler & Marmaro, attorney for the property owner at 1201 Laurel Way, stated their appeal is that the City erred in revoking the permit and spoke about the dispute in detail. He maintained the City inspector approved the demolition above 50% of the building and requested the City reinstate the permit to allow his client to complete the project. Mr. McDonnell answered questions of the Council.

Speaking:

1. Dr. Victor Gura (sworn in) explained the reasons he is asking the Council to deny this appeal.
2. Mary Levin Cutler, Beverly Hills Estates, commented about the construction, demolition and condition of this project and urged the Council to deny the appeal. She also spoke about the Estates' CC&Rs.
3. Richard Papalian, property owner of 1201 Laurel Way, provided testimony about the actions taken regarding the project.

Mayor Krasne called for a 5-minute recess at 10:27pm to review the plans submitted to the City. The meeting reconvened at 10:33pm with all members present.

Mayor Krasne asked for the record to reflect that she viewed the floor plans to see the elevations, side yard setback lines, and although there is not enough time to thoroughly evaluate the plans, it did help her to visualize the project.

Attorney McDonnell cross examined Mr. Tabor regarding his experience and the field inspector's log.

Assistant City Attorney David Snow addressed Attorney McDonnell and asked for Mr. Bae to answer questions. Attorney McDonnell stated Mr. Bae would not testify.

MOVED by Brucker, seconded by Delshad to subpoena construction manager Mr. Bae, supervisor Cory Rodriguez and Mr. Duke and all pertinent documents associated with the demolition of this project, records of the contractor's log from March 1 through April 1, 2008, computer records and emails records from 2007 forward.

Ayes: Delshad, Krasne, Brucker, and Brien
Noes: Mirisch

ITEM D-1: TO SUBPOENA MR. BAE, MR. RODRIGUEZ AND MR. DUKE AND ALL PERTIENT DOCUMENTS ASSOCIATED WITH THE DEMOLITION OF THIS PROJECT, RECORDS OF THE CONTRACTOR'S LOG FORM MARCH 1 THROUGH APRIL 1, 2008, COMPUTER RECORDS AND EMAILS FROM 2007 FORWARD. THE HEARING IS CONTINUED TO THE MEETING OF APRIL 20, 2010

This being the time and place set, a public hearing was held to consider:

- CITY COUNCIL REVIEW OF AN R-1 DESIGN REVIEW PERMIT ISSUED BY THE DESIGN REVIEW COMMISSION CONDITIONALLY APPROVING DESIGN REVISIONS TO A PREVIOUSLY APPROVED SINGLE-FAMILY RESIDENCE LOCATED AT 264 SOUTH RODEO DRIVE.** Comment: The Design Review Commission conditionally approved a request for revisions to an R-1 Design Review Permit on December 8, 2009. On January 5, 2010 the City Council

requested that the approval granted by the Design Review Commission be called up for review. On February 2, 2010 the City Council set the item for public hearing on March 2, 2010.

The notice of the hearing was published as required by law and an affidavit to this effect is on file with the City Clerk.

The records and files of the Community Development Department and the report of the City Planner concerning this matter shall be entered into the record.

Councilmember Brucker read a letter into the record from Design Review Commissioner Marilyn Weiss (currently out of town) expressing her support of the decision made by the Design Review Commission.

Assistant Community Development Director/City Planner Jonathan Lait presented a PowerPoint presentation and staff report. He discussed the project site vicinity, project description, Design Review Commission's (DRC) review of the project, the DRC review of the as-built project, policy considerations, and the recommendation that the City Council uphold the Design Review Commission's decision.

Speaking:

Hamid Gabbay, Design Review Commissioner, representing the resident and not in the capacity as the Chair of the DRC, presented a PowerPoint and spoke about the project. He noted he made an error in not reading the conditions when taking out the permit and staff erred in approving the permit. Mr. Gabbay showed pictures of the site and reviewed the five criteria the DRC is required to use when making determinations.

Howard Szabo, speaking on behalf of the DRC, made a PowerPoint presentation showing how the Commission arrived at its decision, and responded to the applicant's presentation.

Susan Strauss, DRC member, spoke about the project and noted that she was not on the Commission when the project was first presented. She spoke about the reasons for her vote at the final hearing.

Mrs. Terani, property owner, requested the Council reconsider the appeal and allow her to keep the gate in front of her front door.

There were no additional members of the audience who wished to comment. Mayor Krasne closed the public hearing.

Following discussion, the Council consensus was to: remove the ficus trees abutting the wall parallel to the front property lines and plant a climbing ivy or bougainvillea on the side wall, reduce the two 6-foot tall pilasters along the entry walk front to a maximum overall height of 3 feet, and direct that the gate between the pilasters shall not exceed an overall maximum height of 4 feet 6 inches.

There were no further questions or comments of Councilmembers.

MOVED by Brucker, seconded by Brien to remove the ficus bushes on the Rodeo Drive side, planting of ivy or bougainvillea on the side wall, the front two six foot pilasters lowered to 3 feet and the height of the gate up to 4 ' 6" and include in the resolution maintaining the two oak trees in the front yard.

Ayes: Brien, Brucker, Delshad, and Krasne

ITEM D-2: UPHOLD THE DECISION OF THE DESIGN REVIEW COMMISSION WITH THE EXCEPTION OF CONDITIONS NOS. 1 AND 2 WHICH WERE AMENDED

This being the time and place set, a public hearing was held to consider:

3. ***A RESOLUTION OF THE COUNCIL OF THE CITY OF BEVERLY HILLS FORMING UNDERGROUND UTILITY DISTRICT NO. 7 ALONG THE WEST SIDE OF SAN VICENTE BOULEVARD FROM WILSHIRE BOULEVARD TO CLIFTON WAY AND CLIFTON WAY FROM SAN VICENTE BOULEVARD TO LA CIENEGA BOULEVARD.*** Comment: This resolution is required to establish an undergrounding district per BHMC Chapter 3 of Title 6. The proposed undergrounding district will include undergrounding overhead wires and equipment along the west side of South San Vicente Boulevard from Wilshire Boulevard to Clifton Way and along Clifton Way from South San Vicente Boulevard to La Cienega Boulevard. Once the conversion to underground utilities is complete, utility poles will be removed and the sidewalks will be repaired.

Deputy City Engineer Ara Maloyan provided the staff report and PowerPoint presentation regarding the locations that qualify for Rule 20A funding.

MOVED by Delshad, seconded by Krasne to adopt Resolution D-3 as follows:

A RESOLUTION OF THE COUNCIL OF THE CITY OF BEVERLY HILLS FORMING UNDERGROUND UTILITY DISTRICT NO. 7 ALONG THE WEST SIDE OF SAN VICENTE BOULEVARD FROM WILSHIRE BOULEVARD TO CLIFTON WAY AND CLIFTON WAY FROM SAN VICENTE BOULEVARD TO LA CIENEGA BOULEVARD.
