MATTER CONTINUED FROM THIS AFTERNOON'S STUDY SESSION:

DETAILED ANALYSIS OF VOTER OR OWNER APPROVED TAXES, ASSESSMENT AND INDEBTEDNESS OPTIONS

Chief Financial Officer Scott Miller noted this presentation follows the City Council's direction to staff to provide a report on general tax measures or assessments and suggested tax or fee rates to be presented by a survey company to potential voters in the community for the March 3, 2009 ballot.

Dr. Miller presented the options for voter approved or property owner approved revenue enhancement instruments (general taxes, business tax modifications to the current Business Tax Ordinance, fees and benefit assessments/districts).

Shana Epstein, Environmental Utilities Manager, explained Sections A, B, C and D of the proposed Stormwater Fee. Dr. Smith pointed out cities have to follow state and federal environmental and water quality laws, and if required to pay environmental fees, and there are no funds available in the Stormwater Enterprise Fund, the General Fund will have to pay.

Speaking:

Debra Judelson spoke about the business and professional tax concept that

was raised and the current restriction on no new medical conversions in the City.

Following questions and clarification on each of the items on the list presented by Dr. Miller, the Council formed a consensus and selected the following items for the consultant to pursue: Utility Users Tax, Commercial Parking Tax, Oil Extraction Tax, Business Tax Ordinance Modifications: Class A & Class C, Development Excise Tax and Save the Oceans & Environmental Fee (Stormwater Fee). It was noted that once the survey of the community is complete, the results will be returned to the Council.

D. PUBLIC HEARING

TO SET:

None

TO CONSIDER:

This being the time and place set, a public hearing was held to consider:

1. AN APPEAL FROM THE DECISION OF THE PLANNING COMMISSION DENYING A ZONING CODE AMENDMENT, VESTING TENTATIVE TRACT MAP, AND PLANNED DEVELOPMENT PERMIT TO ALLOW THE CONSTRUCTION OF A MULTI-FAMILY RESIDENTIAL PROJECT WITH 40 CONDOMINIUM UNITS LOCATED AT 120 PECK DRIVE, 125 SOUTH CAMDEN DRIVE AND 133 SOUTH CAMDEN DRIVE. Comment: This appeal relates to a portion of the Residences at Saks Fifth Avenue Project. The mixed-use portion of the project located at 9588 Wilshire Boulevard was also denied by the Planning Commission. No appeals have been filed on this portion of the project and the Commission's denial is therefore final with respect to the mixed-use portion of the project. (This hearing is continued from the meeting of June 17, 2008).

The notice of the hearing was published as required by law and an affidavit to this effect is on file with the City Clerk.

The report of the City Planner and the record of the Community Development Department in this matter are made a part of the record of this hearing.

David Reyes, Principal Planner, stated staff's recommendation is to remand the project back to the Planning Commission so the public, Planning Commission and staff may provide input on a revised project. He provided a brief staff report on the project background, description of the requested entitlements, a discussion of the Planning Commission's decision, and project revisions since the Planning Commission's decision. Mr. Reyes stated if Council decides to remand the project back to the Planning Commission, staff is asking for direction regarding height, use and mass.

Ellen Berkowitz, representing the applicant, stated they support staff's recommendation that the project be remanded to the Planning Commission. Ms. Berkowitz referred to a letter that was submitted indicating they heard the Ad Hoc Committee's recommendations relative to design, parking and access issues and are currently working on revisions to the project to address each of the identified issues.

Mayor Brucker recognized Kathy Reims, Vice Chair of the Planning Commission, sitting in the audience.

Councilmember Briskman, speaking on behalf of the Ad Hoc Committee (she and Mayor Brucker), stated the Ad Hoc Committee also recommends that this project be remanded back to the Planning Commission.

Speaking:

1. Joseph Gabbaian stated he has comments about the design elements and will wait until this goes back to the Planning Commission.
2. Ken Norian expressed support in remanding the project to the Planning Commission.
3. Mayor Brucker noted Matt Raab did not want to be called on, but wanted to voice his opposition to the project.
4. Mel Raab stated he hopes the Council's recommendation would include staying within the zoning requirements for the area.
5. Allyson Caso stated the reasons they will be significantly impacted by this project. Ms. Caso also spoke to the Ad Hoc Committee's meeting on this issue.
6. Sharon McCall spoke about preserving the quality of the neighborhoods and asked the Council to consider comments voiced by the residents.
7. Sally Sherman read a letter by Margorie Blatt voicing concerns about the project components and requested denial of the appeal and remand it back to Planning Commission for consideration.
8. Rose Norton stated the residents do not want this project in their neighborhood. Mrs. Norton mentioned the school population is diminishing and many condominiums are not children friendly.
9. Ken Goldman, representing the Southwest Homeowners Association, spoke to the increased intensity of use and urged the Council not to remand the project, but just deny it. He offered suggestions that would make the project compliant.
10. Michael Murphy recommended the Council reject the application and

deny the appeal.

11. Linda Newmark stated the reasons she opposes the project and asked the Council to deny the project.

12. Victor Moss urged the council to stop the project from going forward.

13. Valerie Wisot stated her opposition to the project and agreed the project should be denied as it is unsuitable for the neighborhood. Ms. Wisot said a more suitable project would be preferred.

14. Charles Albert said the project is not in the public benefit and gave the reasons this project should not go forward.

15. Bolkar stated he is an architect and expressed his professional opinion against the project and urged the Council to deny it.

16. Jeff Forman spoke about his experience living on Camden Drive and about maintaining the quality of life, and urged the Council to deny the project.

There were no additional members of the audience who wished to comment. Mayor Brucker closed the public hearing.

Councilmember Delshad spoke about the difference between remanding and denying the project and stated he supports denying the project.

Councilmember Krasne addressed the shortcomings of the project and stated she would like to see it denied and come forward as a brand new application.

At the request of Vice Mayor Fenton, City Attorney Larry Wiener addressed the differences between a denial and a remand.

Vice Mayor Fenton supported denial of the project.

Councilmember Briskman explained the Ad Hoc Committee's position in remanding the project back to the Planning Commission. Mayor Brucker provided additional comments on the process and pointed out the project was not up to the City's standards and direction was given to the developer regarding what would be acceptable.

There were no further questions or comments of Councilmembers.

MOVED by Councilmember Delshad, seconded by Vice Mayor Fenton to move that the City Attorney be directed to prepare a resolution of findings denying applications for a Zoning Code amendment, Vesting Tentative Tract Map, and a Planned Development Permit to allow the construction of a multi-family residential

project with 40 condominium units located at 120 Peck Drive, 125 South Camden Drive and 133 South Camden Drive.
