Economic Development Division

INTRODUCTION

The City contracts with the Beverly Hills Chamber of Commerce (Economic Development Division) to provide a range of outsourced programs.

The goals of these programs are to retain existing businesses in the City, attract new businesses to the City, and to develop programs with merchants which may lead to the development of business improvement districts.

Additionally, the Chamber is contracted to assist with research and outreach initiatives to promote strategic policies promoted by the City to the business community.

DISCUSSION

The Chamber of Commerce Liaison Committee (Vice Mayor Brucker and Councilmember Brien) met several times with the Chamber of Commerce representatives to review the proposed work plan for Fiscal Year 2010-2011, and to develop a mutually-acceptable scope of work.

Achievement of key deliverables is critical to fulfilling this program. The FY 2010-2011 contract details specific deliverables and metrics as to how initiatives are to be measured and counted towards fulfillment of the contract.

For FY 2010-2011, the Chamber's goals can be summarized as follows:

Business Retention – Existing City Businesses: conduct 8 retention meetings with business owners/CEOs per year.

Business Attraction – Potential New City Businesses:

- New York-based Business: Coordinate 1 delegation trip to New York City (with Chamber and CVB leaders) to promote the City and attract new businesses. The deliverable is to produce 1 new business in Beverly Hills by July of 2011.
- Nightlife Business: The deliverable is to create a nightlife committee and secure 2 new nightlife businesses by July 2011, based on a minimum of 10 meetings with prospective businesses.
- Retail: The deliverables are 2 new businesses by July 2011 based on a minimum of 10 meetings with prospective candidate retail prospects.
- Office/Entertainment Business: The goals include 10 meetings with potential candidate firms.

General Business Outreach – The Chamber is to conduct several meetings with the business community to discuss key City initiatives, provide information, and seek consensus.

Economic Sustainability – The Chamber is to take direction from the City regarding outreach and promotional initiatives to promote the City's program in an effort to forge business community involvement.

BID Development – Deliverables include the development of educational/outreach events to promote BID creation. Detailed timelines or progression plans to achieve a minimum 30% property owner BID approval is also included along with one merchant marketing program creation by fall of 2011.

Economic Development Council Membership – A revised funding level allows City Council interaction with community leaders at the significantly reduced rate of \$5,000 per year for six attendees (Councilmembers and City Manager).

FISCAL IMPACT

The Liaison Committee has recommended a contract with the Chamber of Commerce in the amount of \$338,000 for all services. This represents a reduction from the Chamber of Commerce's budget proposal of \$370,000, and a 15.5% reduction from 2009-2010 funding of \$400,000.

Interim funding in the amount of \$120,500 has already been appropriated to the Chamber of Commerce for July through September 21, 2010. This amount

included payments in the amount of \$30,500 related to the New York Sales Mission.

RECOMMENDATION

That the City Council approve or modify the Liaison Committee's recommended scope of work or funding for FY 2010-11 for the Beverly Hills Chamber of Commerce and Civic Association. If approved, this agreement and authorization of a P.O. is on the consent calendar of the formal City Council agenda.
