

CITY OF BEVERLY HILLS STAFF REPORT

Meeting Date: August 7, 2012
To: Honorable Mayor & City Council
From: Alan Schneider, Director of Project Administration
Donielle Kahikina, Associate Project Manager
Subject: Update on Roxbury Park and Request for Direction from City Council
on Elements Relating to the Park and Community Center
Attachments: None

INTRODUCTION

At the July 24, 2012, Study Session, staff presented an update to the full Council on the progress made to date by the Recreation and Parks liaison comprised of Mayor Brien and Councilmember Gold, along with Commission ad hoc members Block and Friedman and staff. The City Council provided direction to study an additional site design option and return to the City Council to present that option at the August 7th meeting.

DISCUSSION

RTK Architects has developed four conceptual site schemes (A, B, C & D) that meet the goals developed through the liaison committee process, including, a single story building with a building footprint equal to or smaller than the existing, no loss of green space, the possibility of a middle-school sized multipurpose room which would accommodate indoor basketball, and a multipurpose room without basketball, and possible locations for outdoor basketball. These schemes were presented to the City Council at the July 24th Study Session. The direction received from City Council was to develop a fifth option which studies the proposed building program sited on the footprint of the existing building.

Meeting Date: August 7, 2012

FISCAL IMPACT

None at this time.

RECOMMENDATION

Staff and the City Council liaison, along with the Recreation and Parks Commission, seek general direction on the project aspects outlined above to help guide the decision making process.
