

CITY OF BEVERLY HILLS STAFF REPORT

Meeting Date: November 13, 2012
To: Honorable Mayor & City Council
From: Susan Healy Keene, AICP, Director of Community Development
Subject: Historic Preservation Program – Commemorative Plaques
Attachments: 1. Actual Sized Prints of Two Additional Plaque Options.

INTRODUCTION

The City's recently adopted historic preservation program enables locally designated historic resources to be identified with an exterior marker or plaque displaying pertinent information about the resource. On July 3, 2012 City Council reviewed the design of two different sizes, 16" x 20" and 10" x 12.5" presented for use on commercial, public and residential properties and requested further consideration be given to a smaller, more discreet size particularly for residential properties.

On September 4, 2012 the Cultural Heritage Commission re-studied a range of plaque sizes and recommended that two additional smaller plaques be considered for use.

DISCUSSION

Following Council direction and the recommendation of the Cultural Heritage Commission, staff will proceed forward with two additional smaller plaque sizes to be made available for use by owners of locally designated historic resources. These plaque sizes are 6"x 7 1/2" and a miniature 4" x 5" for very modest application by owners. Actual sized color prints of these smaller plaque options are attached.

FISCAL IMPACT

There are no fiscal impacts associated with this report. The property owner in each case will be responsible for costs associated with producing, mounting and maintaining their commemorative plaque.

RECOMMENDATION

That the City Council receive this report.
