RECOMMENDATION

It is recommended that the Directors conduct a public hearing and adopt the Resolution amending the Parking Facility Rates for Fiscal Year 2013/2014.

INTRODUCTION

The Parking Authority levies a range of rates, which are listed in a comprehensive schedule called “Parking Facility Rates” (or “Schedule”).

Maintaining a comprehensive schedule with all the various rates ensures that the Parking Authority provides the public with one document that contains all Parking Authority fees rather than providing the information in several documents or in piecemeal form. In addition, the Schedule is available on the City’s website. Although the Authority will review the Schedule yearly, there will be times when revisions are made to certain fees during the year. When that occurs, the comprehensive book will be updated.

DISCUSSION

REVISED FEES FOR FISCAL YEAR 2013/2014

In October 2011, Parking Authority rates were adopted by Resolution No. PA-11-139, and revised in September 2012 by Resolution No. PA-R-12-143. At this time the only changes recommended are to eliminate the wording about the Low Emission and Fuel Efficient Vehicle discount, and to add a range for the Administration fee. Currently the Administration fee is a flat rate. Staff is recommending establishing a variation in the Administration fee to allow for eligibility of a refund when the parking fee is \$5.00 or less; without this modification a refund cannot be issued. Facility charges are recommended to increase by the Consumer Price Index.

FISCAL IMPACT

There will not be any significant fiscal impact to the Parking Authority.
