

CITY OF BEVERLY HILLS STAFF REPORT

Meeting Date: September 10, 2013
To: Honorable Mayor & City Council
From: Brad Meyerowitz, Recreation Services Manager
Greta Dunlap, Market Manager
Subject: Proposed Amendment to Farmers' Market Annex Rules
Attachments: 1. Existing Annex Rules with Proposed Revisions
2. Revised Annex Rules

INTRODUCTION

Staff has been approached by the Beverly Hills Weekly regarding a request to have a booth at the City's Farmers' Market to promote Be The Match, a non-profit organization it has partnered with to register potential donors in the National Marrow Donor Program. The current Farmers' Market Annex rules do not allow this type of organization to participate in the Market.

DISCUSSION

Staff receives numerous requests from groups wishing to have a presence at the weekly Market due to the exposure and number of patrons it affords access to. In order to control and regulate these requests, a set of governing rules were established and approved by City Council in 2006. These rules, entitled the Market Annex Rules, address items such as types of eligible groups, frequency of participation, and general policies and procedures. Currently, groups eligible to participate must fall under the definitions established for a "Community Group" or a "Local Business". Since the Beverly Hills Weekly and Be The Match do not qualify to participate under the existing Annex Rules, representatives from the Weekly requested that the issue be discussed by the Recreation and Parks Commission and the City Council.

The matter was discussed at the Commission's Regular Meeting on July 23, 2013. The Commission was informed that the process of registering for the National Marrow Donor Program involves a person signing a consent and release form and providing a saliva swab. The swabs and associated paperwork are sent to Be The Match, who then registers potential donors into the national registry. The Beverly Hills Weekly has been registering participants in their office but is now seeking a broader audience by participating in community events, such as the Farmers' Market.

Meeting Date: September 10, 2013

Due to the public good that the Be The Match program affords those who benefit by its services, though not for the primary purpose of serving Beverly Hills residents, the Recreation and Parks Commission showed their unanimous support for the purpose and function of the organization and asked staff to schedule the item to be heard by City Council for their consideration. The item also was discussed at a City Council/Recreation and Parks Commission Liaison meeting on July 30, 2013. Council Liaisons Gold and Krasne requested that the item be placed on the August 20 Study Session for full Council consideration.

The City Attorney's office, working with Staff, has made proposed revisions to the Market Annex Rules that would allow "Health Organizations" to participate in the Market. Eligible organizations would have to be a corporation organized under the Nonprofit Public Benefit Corporation Law (or an equivalent statute) that has as one of its primary purposes outreach and education regarding public health. Be The Match is a nonprofit organized under this law.

FISCAL IMPACT

As stated in the revised Market Annex Rules, eligible organizations would be charged a stall fee of \$25 per Market day. Organizations that participate in the maximum of four Market days a year would incur \$100 in fees. There would not be any additional staff costs incurred for the implementation of the amended Market Annex Rules.

RECOMMENDATION

Staff seeks direction from City Council on the proposed amendments to the existing Farmers' Market Annex Rules to allow the participation of health related organizations in the Farmers' Market.
