INTRODUCTION

This report provides an update of the latest development related to the school security funding request to support the Beverly Hills Unified School District's agreement with Evidence-Based, Inc. (EBi), the firm contracted to provide these services. With its recent termination of the agreement, the District is asking the City to fund the amount already paid to EBi from August 2014 through November 5, 2014.

BACKGROUND

On August 5, 2014, the City Council considered a request from Beverly Hills Unified School District (BHUSD) Board President Noah Margo during the Study Session Agenda to fund half of the cost of the District's Campus Security Program. The annual program cost was \$881,423 and was provided through a private security vendor, EBi. The total request of the City for FY14/15 was \$440,712. During that meeting, the City Council posed a number of questions to staff, representatives of BHUSD, and EBi relating to school safety, coordination between the Police Department and EBi, liability issues, the role of armed campus security officers in the schools, and financial issues affecting the District. The City Council then requested that answers to these questions be researched and presented at a future meeting for reconsideration of this item.

On October 7, 2014 the City Council was presented with the answers to the questions they had posed at the August 5, 2014 meeting and reconsidered this item. Representatives from the School District and EBi were also in attendance. The City Council provided direction during the October 7, 2014 Study Session to proceed with the request to fund half of the cost of the District's campus security program for the 2014/15 school year.

On October 21, 2014, the City Council appropriated \$440,712 and authorized the City Attorney and City Manager to negotiate and execute a one-year agreement related to the provision of the funding. The City Council directed that this agreement be subject to the following conditions:

- The City would not exercise control over the security operation.
- Before payment is made, the agreement would require the District to demonstrate to the City that its private security vendor has at least \$10 million in general liability insurance and that the City has been named as an additional insured.
- The District must amend its contract with the security firm to require that the firm defend and indemnify the City as well as the District from any liability arising from the security firm's operations to the fullest extent permitted by law with language satisfactory to the City's Risk Manager and the City Attorney.

DISCUSSION

On November 6, 2014, the District issued a press release informing parents that EBi would no longer be administering its campus security program. According to the press release, the District had fulfilled its contractual and payment obligations to EBi. However, EBi had undergone a series of financial difficulties that placed the firm near bankruptcy. The financial difficulties had escalated to the point that EBi officers had been working without receiving paychecks from EBi. Due to these financial issues, the District exercised the termination clause in its contract and severed its business relationship with EBi.

Representatives from the District have contacted the City to inquire about reimbursement for payments made by BHUSD to EBi. As of January 7, 2015, the funding agreement authorized by the City Council at its October 21, 2014 meeting had not been finalized. The City has not received a copy of the District's amended contract with EBi. Additionally, BHUSD provided the City with evidence of the \$10 million in general liability insurance however the City was not named as an additional insured on the insurance certificate.

According to correspondence received on December 8, 2014, BHUSD paid EBi an advance of \$411,192.50 for services from August 1, 2014 to December 31, 2014. EBi provided 59 days of services and earned \$276,176.64. The District is requesting the City to reimburse it for half the costs of the services provided by EBi and paid for by the District. This request amount to \$138,088.32. Additionally, the District has informed the City that although EBi had a \$10 million insurance policy, the City was not a named additional insured. Evidence of this insurance has not been provided to the City.

FISCAL IMPACT

Funds in the amount of \$440,712 have already been appropriated to reimburse BHUSD for half of the costs associated with its campus security program.

RECOMMENDATION

It is recommended that the City Council discuss the request and provide direction to staff.

FW: Press Release Campus Safety Security

**BEVERLY HILLS UNIFIED SCHOOL DISTRICT
PRESS RELEASE – November 6, 2014**

Re: Campus Safety Program

The Beverly Hills Unified School District (“District”) has been informed that Evidence Based, Inc. (“EBI”), the company that administers the Campus Safety Program at the District campuses, will no longer be administering the program.

While the District has fulfilled its contractual and payment obligations to EBI, EBI has undergone a series of financial difficulties that have placed the firm near bankruptcy. The financial difficulties have escalated to the point that EBI officers have been working for the last three weeks without receiving paychecks from EBI.

When the District learned of these financial difficulties, the District was receptive to amending the contract between the District and EBI to allow for some financial relief. However, while attempting to find a solution, additional information came to light that EBI’s financial condition had worsened.

As a result, the District chose to exercise the termination clause in the contract which required the District to provide nine (9) days’ notice prior to termination, and required EBI to continue providing services during that time. However, on November 5, 2014, at approximately 10:30 a.m., just one day after notice was provided, EBI notified the campus officers that they were terminated effective immediately.

Due to EBI’s termination of the campus officers, the officers are currently without the necessary insurances required to perform services on the District’s campuses. The District and former EBI Supervisor Joe Chirillo are feverishly working to find the necessary elements to affect a rapid solution.

Financial Conflict Of Interest

Preamble

The members of the Board of Education desire to maintain the highest ethical standards and help ensure that decisions are made in the best interest of the district and the public. The decision-making affairs of the district by all personnel, consultants and members of the Board will be conducted in accordance with the highest standards of integrity. There can be no deviation from complete honesty in all financial, business and district transactions. Use of school district funds or internal business information for improper purposes is absolutely forproposalden. The members of the Board, designated employees and consultants will be accountable to the Conflict of Interest Code, Bylaws and policy related to disclosure of any personal or financial interest benefit and disqualification rules in accordance of law.

Conflict of Interest Code under the Political Reform Act

The district has adopted a Conflict of Interest Code (the "Code") pursuant to the requirements of the Political Reform Act of 1974, Government Code Section 81000 et seq. (the "Act"). The Code sets forth the required provisions for the disclosure of assets and income by the officials, employees and consultants designated in the Appendix to the Code, and lists and assigns the disclosure categories specifying the types of assets and income required to be disclosed by each of the designated officials, employees and consultants ("designated employees"), and the disqualification of designated employees from acting where a conflict of interest exists. The requirements of the Code are in addition to other requirements of the Political Reform Act and to other state and local laws pertaining to conflicts of interest and have the force and effect of law. Designated employees violating any provision of the Code are subject to the administrative, criminal and civil sanctions provided by the Act. Additionally, a decision in relation to which a violation of the disqualification provisions of the Code or Government Code 87100 has occurred may be set aside as void pursuant to Government Code 91003.

All officials, employees and consultants are directed to refer to the district's Conflict of Interest Code for these specific requirements. The Conflict of Interest Code is held in the office of the Administrative Assistant of the Superintendent of the district's filing officer/official, as the district's Filing Officer/Official.

At the direction by the code reviewing body, the district's conflict of interest code shall be reviewed in even-numbered years. If no change in the code is required, the district shall submit by October 1 a written statement to that effect to the code reviewing body. If a change in the code is necessitated by changed circumstances, the district shall submit an amended code to the code reviewing body. (Government Code 87306.5)

When a change in the district's conflict of interest code is necessitated by changed circumstances, such as the creation of new designated positions, the Code shall be amended and submitted to the

code reviewing body in accordance with Government Code 87306-Code Amendments.

When reviewing and preparing conflict of interest codes, the district shall provide officers, employees, consultants and members of the community adequate notice and a fair opportunity to present their views. (Government Code 87311-Administrative Procedure)

Board members and designated employees shall annually file a Statement of Economic Interest as specified in the district's Code. A Board member or a designated employee shall, within 30 days after leaving office/employment, file a Leaving Office Statement as specified in the district's Code.

The requirements of the Code are in addition to other requirements of the Act and to other state and local laws pertaining to the conflicts of interest and have the force and effect of law. Board members and designated employees violating any provision of the Code are subject to the administrative, civil and criminal sanctions provided by the Act. Additionally, court injunctive relief may set the official action aside as void pursuant to Government Code 91003 where a Board member or designated employee fails to comply with a disqualification provision of the district's Conflict of Interest Code.

Disqualification Based on Economic Interests under the Political Reform Act

If a Board member determines that he or she has a financial interest in a decision, as described in Government Code 87103, this determination shall be disclosed. The basic rule is that a Board member or designated employee may not make, participate in, or influence a governmental decision that will have a reasonably foreseeable and material financial effect on the Board member or designated employee or their immediate family or any of their economic interests as described in Government Code 87103. This determination shall be disclosed and made part of the Board's official minutes. The member shall be disqualified from voting unless his/her participation is legally required. (2 CCR 18700)

A Board member shall, upon identifying a financial conflict or potential financial conflict of interest and immediately prior to consideration of the matter, do all of the following: (Government Code 87105; 2 CCR 18702.5)

1. Publicly identify each financial interest that gives rise to the conflict or potential conflict of interest in detail sufficient to be understood by the public, except that disclosure of the exact street address of a residence is not required.
2. Recuse himself or herself from discussing and voting on the matter, or otherwise acting in violation of financial conflicts of interest pursuant to Government Code 87100. The Board member with the conflict shall not be counted toward achieving a quorum while the item is before the Board.
3. The conflicted Board member must leave the room until the matter is concluded, unless it has been placed on the consent agenda for uncontested matters.
4. If the Board's decision is made during closed session, the Board member with the conflict of interest must disclose his or her interest orally during the open session preceding the closed session. This disclosure shall be limited to a declaration that his or her recusal is because of a financial conflict of interest pursuant to Government Code 87100. The Board member shall not be present when the item is considered in closed session and shall not knowingly obtain or

review a recording or any other nonpublic information or confidential information regarding the Board's decision.

Financial Interests in Contracts (Education Code 35233 and Government Code 1090)

Board members, employees, or district consultants shall not be financially interested in any contract made by them in their official capacity, or by any body or Board of which they are members. The prohibition may apply to employees who do not file statements of economic interest under the Political Reform Act. The prohibition may apply even though the dollars involved would not trigger a conflict under the Political Reform Act and even where the official will not receive any direct financial benefit from the transaction. Pursuant to Education Code 35233 members of Board of Education of School districts and to members of citizens' oversight committees appointed by those Board of Education are subject to the prohibitions of Government Code 1090.

A district officer, employee or elected official may not make a contract in his or her official capacity in which he or she is financially interested. Any participation or influence in the process by which the contract is developed, negotiated and/or executed is a violation of Government Code 1090.

If one of the district Board members has a financial interest even if the interested member does not participate and abstains from the decision and vote, the entire Board is precluded from entering the contract in question.

Transactions not involving written contracts, such as sales, payment authorizations, purchases or the making or receipt of a grant, can be contracts covered under Government Code 1090.

When a school employee is financially interested in a contract, the district will be prohibited from making the contract only if the employee is involved in the contract-making process. If the employee plays no role whatsoever in the contracting process, either because it is outside the scope of his/her employment, or because the employee had disqualified himself or her herself from participation, the district is not prohibited from contracting with the employee or the business entity in which the employee is interested.

Any contract made in violation of Government Code 1090 is void and unenforceable and the Board member or employee is subject to: (1) criminal and/or civil penalties; and (2) potential disgorgement of any consideration received or any property acquired in the transaction.

"Remote Interests" in Contracts (Government Code 1091). Certain "remote" financial interests of Board members in contracts do not create a conflict of interest if the Board member follows required statutory procedures. Financial interests which are considered "remote interests" under these circumstances are specifically identified in Government Code 1091. (See Exhibit 1) There are 16 defined "remote interest" exceptions, as shown in Exhibit 1. Financial interests of employees cannot be considered "remote."

A Board member who has a remote interest in a contract being considered before the Board shall publicly disclose his or her interest to the Board during the Board meeting. The Board member's disclosure and disqualification shall be noted in the official Board minutes. The affected Board member shall not influence, or participate in any way with any other Board member in negotiating or approving the contract. Participation in the making of a contract is defined broadly as any act involving preliminary discussions, negotiations, compromises, reasoning,

planning, and drawing of plans and specifications, and solicitation for proposals. Where a Board member has a publicly disclosed and duly noted remote interest in a contract, the Board may approve the contract by a vote of its membership excluding the vote of the interested Board member. (Government Code 1091)

Financial "Non-interests" in Contracts (Government Code 1091.5).

The Legislature has determined as a matter of policy certain financial interests of Board members and employees are exempt from the provisions of Government Code 1090. A non-interest exemption does not require abstention. There are 13 defined "non-interests" in Government Code 1091.5. (See Exhibit 2) A Board member or employee shall not be considered to be financially interested in a contract if his or her interest is any of the "non-interests" listed in Government Code 1091.5, as shown in Exhibit 2.

Board Member Vote Affecting "Relative" (Education Code 35107)

Even if there is not a prohibited financial conflict of interest, a Board member shall abstain from voting on personnel matters that uniquely affect his or her relatives. However, a Board

member may vote on collective bargaining agreements and personnel matters that affect a class of employees to which his or her relative belongs. "Relative" means an adult who is related to the Board member by blood or affinity within the third degree, as determined by the common law, or an individual in an adoptive relationship within the third degree.

Incompatible Offices and Activities

A Board member shall not simultaneously hold two public offices that are incompatible. If a Board member is sworn into an incompatible office, then his or her position in the prior office is automatically terminated.

Pursuant to Education Code 35107, an employee of the district may not be sworn into office as an elected or appointed member of the Board unless he or she resigns as an employee. If the employee does not resign, the employment automatically terminates when he or she is sworn into office.

Board members shall not engage in any employment or activity or hold any office which is inconsistent with, incompatible with, in conflict with, or inimical to the Board member's duties as an officer of the district.

No officer or employee of the district shall engage in any employment activity, or enterprise for compensation that is inconsistent, incompatible, in conflict with, or inimical to his or her duties as an officer or employee of the district. No officer or employee shall perform any work, service, or counsel for compensation outside of the district where any part of his or her efforts will be subject to approval by any other officer, employee, Board or commission of this district, unless otherwise approved in the manner prescribed by this policy. (Government Code 1099, 1126)

Gifts

The Political Reform Act broadly defines "gift" to include any payment or other benefit received by a public official unless the official provided something of equal or greater value in return. (Government Code 82028(a))

Board members and other officials who manage public investments shall not accept from any single source in any calendar year any gifts in excess of the prevailing gift limitation specified by law.

Designated employees shall not accept from any single source in any calendar year any gifts in excess of the prevailing gift limitation specified in law if the employee would be required to report the receipt of income or gifts from that source on his or her statement of economic interests.

The limitation on gifts does not apply to wedding gifts and gifts exchanged between individuals on birthdays, holidays, and other similar occasions, provided that the gifts exchanged are not substantially disproportionate in value. (Government Code 89503)

Gifts of travel and related lodging and subsistence shall be subject to the current gift limitation except as described in Government Code 89506.

A gift of travel does not include travel provided by the district for Board members and designated employees. (Government Code 89506)

Honoraria

Board members and designated employees shall not accept any honorarium from any source that would be reportable on his or her statement of economic interests. (Government Code 89501, 89502)

Answer: See Addendum #1. No. Vendor must supply its own equipment.

Question: How many days of coverage is required per year?

Question: How many days of coverage needed for these events?

Question: What is the amount of hours typically required for these events?

Answer: Regular school year is 180 days. Special events may use one or two guards. The District does not know to date how many special events will require armed guards.

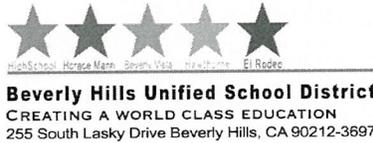

Question: Can the security personnel be unarmed at these events?

Answer: No, security will be armed.

Several items above do not have definitive answers, to that end there is a change to the proposal form (see attached Addendum #2 Proposal form).
