On June 16, 2015, the City Council held a duly noticed public hearing, received public testimony, and thereafter introduced this Ordinance.

Section 2. As recommended by the Planning Commission, the zone text amendments to Article 32 of Chapter 3 of Title 10 would amend and restate existing Article 32. The substantive changes being proposed to Beverly Hills Municipal Code Article 32 Chapter 3 Title 10 include the following:

1. Revise select definitions (BHMC §10-3-3202);
2. Revise the Intent and Purpose of the Ordinance (§10-3-3203);
3. Revise the Powers and Duties of the Commission (§10-3-3208);
4. Revise Landmark and Historic District Designation Criteria (§§10-3-3212; 3213);

Section 4. The Amendments were assessed in accordance with the authority and criteria contained in the California Environmental Quality Act (CEQA), the State CEQA Guidelines, and the environmental regulations of the City. The City Council hereby finds and

determines that adoption of the Amendments would not have a significant environmental impact and is exempt from the environmental review requirements of CEQA pursuant to Section 15305 (Minor Alterations in Land Use Limitations) of Title 14 of the California Code of Regulations. The records related to this determination are on file with the City's Community Development Department, 455 N. Rexford Drive, Beverly Hills, California, 90210.

Initiation By Property Owner(s): A property owner (in the case of a proposed landmark) or the owners of properties (in the case of a proposed historic district) may initiate designation proceedings by filing a written application with the department of community development. The application shall be completed on a form provided by the department, and shall include all required information and payment of applicable fees. When the application is by owners of properties for designation of a historic district, the application shall include a petition in support of the application signed by more than fifty percent (50%) of the property owners of legal lots within the proposed district, and shall also include a current list of names and legal mailing addresses of all property owners in the proposed district.

Within thirty (30) days after the filing, the director shall review the application materials and determine whether the application is complete or whether additional information is required. If the application is determined to be incomplete, the director shall promptly inform the applicant in writing of the missing information. Within thirty (30) days after the submittal of the missing information, the director shall again review the application materials and determine if the application is complete. The processing timelines and procedures set forth in this section shall commence on the next business day after the application is deemed complete.

- a. In the case of a proposed landmark, if the property is not listed on the local inventory, then the application shall include sufficient information to establish that the property is an eligible property. In the case of a proposed historic district, if less than seventy percent (70%) of the properties in the geographical area are listed on the local inventory, then the application shall contain sufficient information to establish that all of the requirements for a historic district can be met.
- b. Although historic districts are not permitted in any area of the city zoned for one-family development, the director shall make available a form of application whereby owners of multiple properties in such an

area may jointly apply to have their properties considered for designation as individual landmarks.

2. Initiation By Commission Or City Council: The commission or the city council, as the case may be, may initiate designation proceedings concerning a proposed landmark by requesting that the matter be placed on its agenda at a noticed hearing.
 - a. The commission may initiate designation proceedings only with the agreement of the subject property's owner(s), or when the subject property either: 1) is listed on the local inventory; 2) was designed by a person identified on the local list of master architects; 3) was owned and occupied by a person of great importance; or 4) was owned and occupied by a person of great local prominence.
3. Preliminary Evaluation: Within fourteen (14) days after an application for designation is deemed complete, or after the commission or the city council, as the case may be, initiates designation proceedings, the director shall prepare a written preliminary evaluation opining whether or not sufficient evidence exists to support a finding that all of the applicable requirements for designation as a landmark or historic district, as the case may be, can be met, and setting forth all of the facts known to the director in support of said opinion. The director shall promptly forward copies of the preliminary evaluation to the city council, the commission, and the affected property owner(s).
4. Notice of Preliminary Hearing: Upon completion of the preliminary evaluation, the director shall schedule a preliminary hearing before the commission (in the case of designation proceedings initiated by a property owner or the commission) or before the city council (in the case of designation proceedings initiated by the city council) at the reviewing body's next regularly held meeting to determine whether the proposed landmark or proposed historic district, as the case may be, merits formal consideration for nomination by the commission; provided, however, that if the next regularly scheduled meeting is set to occur less than ten (10) days or more than thirty (30) days after completion of the preliminary evaluation, the director shall schedule the preliminary hearing to occur within thirty (30) days after completion of the preliminary evaluation at another meeting of the reviewing body. The director shall give written notice of the date, time, place, and purpose of the hearing to all affected property owners (*i.e.*, the owner(s) of a proposed landmark or the owners of all properties in a proposed historic district, as the case may be) and their designated agent(s) by first class, prepaid mail not less than ten (10) days prior to the hearing. Any affected property owner that has not yet received a copy of the preliminary evaluation report shall be given a copy with the notice of hearing.

5. Preliminary Hearing:

a. At a preliminary hearing initiated by application of a property owner, the commission shall determine whether sufficient evidence exists to conclude that the subject property or geographical area satisfies all applicable designation criteria, and, if so, whether the property or area merits formal consideration for nomination. If, based on the director's preliminary evaluation and any other evidence provided to the commission at or prior to the hearing, the commission determines that sufficient evidence exists and the property or area merits formal consideration, it shall schedule a public hearing before the commission within seventy five (75) days for the commission to consider nomination of a property, or within one hundred and twenty (120) days for the commission to consider nomination of an area. If the commission determines that sufficient evidence does not exist, or that the property or area does not merit formal consideration, that shall be a final action of the commission, which is appealable pursuant to title 1, chapter 4, article 1 of this code or reviewable by the city council pursuant to title 1, chapter 4, article 2 of this code. Any determination as to whether or not the subject property or geographical area merits formal consideration for nomination shall be in writing, shall be filed by the commission secretary with the director, and shall be provided to the owner(s) of all properties that are the subject of the application. At a preliminary hearing initiated by the commission or the city council, the reviewing body shall determine whether sufficient evidence exists to conclude that the subject property is an eligible property, and, if so, whether the property merits formal consideration for nomination. If, based on the director's preliminary evaluation and any other evidence provided to the commission or the city council at or prior to the hearing, the commission or the city council, as the case may be, determines that sufficient evidence exists and the property merits formal consideration, it shall schedule a public hearing before the commission within seventy five (75) days for the commission to consider nomination. If the commission or the city council, as the case may be, determines that sufficient evidence does not exist, or that the property or area does not merit formal consideration, that shall be a final action of the reviewing body; if such action is by the commission, it is appealable pursuant to title 1, chapter 4, article 2 of this code or reviewable by the city council pursuant to title 1, chapter 4, article 2 of this code. Any determination as to whether or not the subject property merits formal consideration for nomination shall be in writing, shall be filed by the commission secretary or the city clerk with the director, and shall be provided to the property owner(s).

B. Historic Assessment Report. Upon a determination that the subject property (in the case of a proposed landmark) or geographical area (in the case of a proposed historic district) satisfies the applicable designation criteria and merits formal consideration for nomination by the commission, the director shall cause to be

prepared a written historic assessment report concerning the property or geographical area to be used at all future designation proceedings. The report shall be completed no more than forty five (45) days after a determination that formal nomination consideration is merited for an individual property, and no more than ninety (90) days after a determination that formal nomination consideration is merited for a geographical area, and copies of the report shall be immediately provided to the owner(s) of the proposed landmark or of all properties in the proposed historic district, as the case may be, by first class, prepaid mail. Copies of the report shall also be promptly provided to the designated agents of the property owner(s) by first class, prepaid mail, and to the city council and the commission, which in any event shall occur not less than fifteen (15) days prior to the hearing at which the commission shall formally consider nomination. Failure to provide copies of the assessment report to the property owner(s) within the time periods set forth in this subsection shall, upon the request of a property owner, require a continuance of the nomination hearing for a period of time not to exceed the number of days of the delay; provided, however, that if copies of the report are not provided to the property owners(s) within sixty (60) days after the commission's determination to formally consider nomination of a proposed landmark, or within one hundred and five (105) days after the commission's determination to formally consider nomination of a proposed historic district, then such a failure will be deemed to be a final decision by the commission not to nominate the subject property or district.

1. If the subject property (in the case of a proposed landmark) or a property located in the geographical area (in the case of a proposed historic district) is not readily visible from the public right of way, the owner(s) of the property shall grant the city's qualified historic preservation consultant access to the exterior of the buildings and structures on the property for purposes of preparing the historic assessment report. Such access shall be granted within fifteen (15) days after the commission or the city council determines that the proposed landmark or historic district merits formal consideration for nomination; if access is not granted during that fifteen (15) day period, then the time periods set forth in this subsection shall be extended for as long as access is denied after the expiration of the fifteen (15) day period.

C. Notice of Nomination Hearing. Written notice of the date, time, place, and purpose of a public hearing for the commission to formally consider nominating a property or geographical area for designation as a landmark or historic district, as the case may be, shall be given by first class, prepaid mail not less than fifteen (15) days prior to said hearing to the applicant, if any, and to all owner(s) of the affected properties and their respective designated agent(s). The commission may also direct that other notice be provided as it deems appropriate.

D. Nomination Hearing. At the conclusion of a public hearing, or any continuation thereof, but in no case more than forty five (45) days after the date first set for the hearing, the commission shall nominate, in whole or in part, or decline to nominate the subject property or geographical area for designation as a landmark

or historic district, as the case may be. The decision of the commission shall be in writing and shall state the findings of fact and reasons relied upon to reach the decision, and such decision shall be filed with the director. If the commission fails to take action on the matter within the allotted forty five (45) days, such inaction shall be deemed a decision not to nominate, and it shall be the duty of the director to certify that as the decision of the commission. Upon the commission's rendering of a decision regarding nomination of a property or district, the director shall give written notification to the owner(s) of the subject property or owners of all properties in the proposed district.

- E.** Findings By The Commission. The commission shall base its decision on the city's historic assessment report, such other evidence as is introduced at or prior to the nomination hearing, and the requirements for designation set forth in this article. If nominating a property for designation as a landmark, the commission shall specify the significant elements or character defining features of the property. If nominating a historic district, the commission shall identify all contributing properties in the proposed district along with the buildings, structures, objects, and character defining features located on each, and shall also identify the district's boundary and unifying theme, plan, or physical development, and the contributing properties' common architectural style or architectural type or architectural period. Properties, buildings, structures, and objects that happen to be located within a proposed district but are not identified as contributing properties shall be deemed noncontributing properties.
- F.** Only an owner of property subject to the designation proceedings shall have the authority to appeal a decision by the commission pursuant to the provisions of title 1, chapter 4, article 1 of this code. The city council shall have the authority to call up such decisions for review pursuant to the provisions of title 1, chapter 4, article 2 of this code. If the commission's decision not to nominate is not appealed to the city council or called up for review within the applicable statutory time period, then the decision shall be deemed a final decision not to designate.
- G.** Hearing And Decision By The City Council. The city council shall consider the matter as soon as practicable after receiving the commission's nomination of a property or area for designation, or after receiving a timely appeal of a commission's decision not to nominate, or after timely voting to call up such a decision. The city council by written resolution may approve, reject, or give modified approval to the commission's action, but any resolution to approve a nomination or reverse a decision not to nominate must be supported by four (4) members of the council if any owner of the proposed landmark, or of a property in the proposed historic district, opposes designation; provided, however, that if conflicts of interest result in a quorum comprised of only three (3) members of the council, then such a resolution may be supported by three (3) members of the council. If the city council approves a nomination, or rejects a commission decision not to nominate, then the subject property(ies) shall be designated as a landmark or historic district, as the case may be, and the city clerk shall notify the owner(s) of the landmark, or the owners of the properties in the historic district, of

the city council's action. If the city council fails to take final action on the matter within ninety (90) days after first acquiring jurisdiction over the matter pursuant to this section, or within such additional time as the city and the property owner(s) may mutually agree to, such inaction shall be deemed a final decision not to designate.

- H.** Historic Property Resolution. The resolution designating a landmark or historic district shall include:
1. The location of the landmark or the boundaries of the historic district, as the case may be;
 2. For a historic district, a description of the district's boundary and unifying theme, plan, or physical development, and a list of the contributing properties and their common architectural style or architectural type or architectural period;
 3. A description of the period of significance of the landmark or historic district;
 4. A description of the particular attributes that justify the designation and a list of the character defining features that should be preserved;
 5. The reasons for designation; and
 6. A set of general guidelines to establish standards for future proposed changes.
- I.** Recordation of Resolution. A certified copy of such resolution shall be recorded in the office of the county recorder of the county of Los Angeles by the city clerk immediately following its effective date. The city clerk shall also send a copy of said resolution to the director, the director of public works and transportation, the building official, and the owner(s) and occupant(s) of the subject property or properties. The document to be recorded shall contain:
1. A legal description of the property or properties;
 2. The date and substance of the designation;
 3. A statement explaining that demolition, alteration, relocation, rehabilitation, stabilization, or reconstruction of the property is restricted; and
 4. A reference to this section authorizing the recordation.
- J.** Effect Of Designation. Upon designation, and thereafter, the provisions of this article shall apply to the designated property, historic district, and properties within the historic district. The owner(s) of said property(ies) shall maintain and preserve the property(ies) as required by section 10-3-3206 of this article.
- K.** Effect Of Non-Designation. When designation proceedings initiated by application of a property owner result in a non-designation (*i.e.*, a decision by the

commission not to formally consider a nomination or not to nominate, or a decision by the council not to designate) of a proposed landmark or historic district, then no application concerning the same property (in the case of a proposed landmark) or substantially the same geographical area (in the case of a proposed historic district) shall be considered by the city for a period of five (5) years from the effective date of the final action on the prior application. When designation proceedings initiated by the commission or the city council result in a non-designation of a proposed landmark, then the city shall issue a certificate of ineligibility regarding the subject property as set forth in section 10-3-3221.C. of this article.

- L. **Withdrawal of Application.** An application for designation of a landmark or historic district may be withdrawn at any time prior to designation by the city council. A withdrawal shall be made in writing by the original applicant(s) in the case of a proposed landmark, or by the owners of a majority of the subject properties in the case of a proposed historic district. A withdrawn application shall be deemed void *ab initio* for purposes of the application of this article, except that any fees paid to the city prior to the withdrawal shall not be repaid or reimbursed.
- M. **Effect of Denial Of Request To Rescind Historic Designation:** When an owner of a property designated as a landmark or contributing property files an application to have that designation rescinded under section 10-3-3216 of this chapter, and when such request is denied by the city, no new application to delete the same property(ies) from the local register may be filed or submitted for a period of two (2) years from the effective date of the denial.
- N. **Extension of Time Periods.** Any period of time to act specified in this section may be extended by the city council, the commission, or the director upon request of the owner of the proposed landmark or, in the case of a proposed historic district, of a majority of the property owners that signed the petition filed with the application for designation. Such a request shall be made in writing or on the record at a noticed hearing. In the absence of such a request, if the city is unable to act within a period of time specified in this section, the city shall automatically receive a fourteen (14) day extension of time in which to act; provided, however, that the city may only receive one such automatic extension during the course of the proceedings specified in this section, and if the automatic extension results in a shorter notice period or period in which an owner of a subject property may act or prepare to act, then the owner shall be granted an identical extension of time upon request.

10-3-3216: AMENDMENT OR RESCISSION OF LANDMARK OR HISTORIC DISTRICT DESIGNATION:

Once a landmark or historic district designation is made, it shall not be repealed by the city council unless it is determined at any time that:

- A. Evidence used to establish the designation was erroneous, newly discovered evidence establishes that the designation was erroneous, the historic assessment report used to make the designation omitted material evidence, or material procedural errors were made during the designation proceedings; or
- B. The landmark or historic district no longer meets the criteria for designation under section 10-3-3212 or 10-3-3213 of this chapter, respectively, due to damage caused by natural disaster (*e.g.*, flood, earthquake, etc.) or reasons otherwise outside of the control of the owner.

Changes of use, differences of opinion of subsequent city councils, desires of property owners, or general financial considerations shall not be sufficient reasons to repeal a designation. The repeal of a landmark or historic district may be initiated by the commission, the city council, or an owner of the subject property. The city council shall consider an application for repeal of a previously designated landmark or historic district utilizing the same proceedings for designation set forth in section 10-3-3215 of this article. If a landmark or historic district designation is repealed, the city's register of historic properties shall be updated accordingly.

10-3-3217: DEMOLITION, ALTERATION, OR RELOCATION OF PROPERTY WHILE DESIGNATION PROCEEDINGS ARE PENDING; TEMPORARY PROTECTIONS:

Upon the initiation of designation proceedings, any alteration, restoration, reconstruction, relocation, rehabilitation, stabilization, or demolition, in whole or in part, of a proposed landmark or a property located in a proposed historic district is prohibited, and no permits shall be issued by any city department, board, or commission, including, but not limited to, a conditional use permit, a tentative tract map or tentative parcel map permit, a development review permit, any administrative approval, design review approval, or architectural review approval. No building permit authorizing any alteration, restoration, reconstruction, relocation, rehabilitation, stabilization, or demolition shall be granted while a property or historic district is being considered for nomination by the commission or designation by the city council, or any appeal related thereto is pending. Pending permit applications may be processed, but no final action shall be taken until after the conclusion of all designation proceedings and the expiration of all periods for appeal or city council review thereof.

Notwithstanding the foregoing, the director may waive the hold on building permits if the director determines that proposed work would not alter any of the character defining features of a subject property, or that the work would comply with the secretary of the interior's standards. The director may also issue permits to mitigate or eliminate an imminent threat to the public health, safety, and welfare.

If, in a final decision, the commission decides not to nominate a property or geographical area for designation as a landmark or historic district, as the case may be, or the city council decides not to designate a nominated property or geographical area as a landmark or historic district, as the case may be, then, after all periods for appeal or city council review have expired, the

temporary prohibition on the issuance of a permit to alter, restore, reconstruct, relocate, rehabilitate, stabilize, or demolish the proposed landmark, or the properties within the proposed historic district, shall terminate, and, upon the issuance of such permits, alteration, restoration, reconstruction, relocation, rehabilitation, stabilization, or demolition may proceed.

10-3-3218: HOLD PERIOD FOR PERMITS TO ALTER CERTAIN BUILDINGS, STRUCTURES, AND OBJECTS FORTY FIVE YEARS OF AGE AND OLDER:

Any work involving a change in design, material, or appearance proposed on a property that is listed on the local inventory, or that is at least forty five (45) years or older and was designed by a person identified on the city's list of master architects, or both, or that is otherwise determined to be an eligible property by the director within the ten (10) day notice period required under section 9-1-104 § 102.6.4 of the Municipal Code, shall be subject to a thirty (30) day holding period prior to the issuance of any permits. Permit applications may be processed, however no final action shall be taken until after the thirty (30) day period has ended, and the permit applicant shall pull the permit within thirty (30) days after the end of the thirty (30) day holding period. The director may waive the thirty (30) day holding period if the director determines that the subject property is not an eligible property, or that the proposed work would not alter any character defining features or would comply with the secretary of the interior's standards. Work proposed on historic properties and properties within historic districts may require a certificate of appropriateness pursuant to section 10-3-3219 of this article.

10-3-3219: CERTIFICATE OF APPROPRIATENESS:

No person, owner, or other entity shall alter, restore, reconstruct, relocate, rehabilitate, stabilize, demolish, or change the exterior appearance of a designated landmark or contributing property without first having applied for and been granted a certificate of appropriateness or certificate of economic hardship, unless the work proposed qualifies as ordinary maintenance and repair as defined in this article. Furthermore, a certificate of appropriateness or certificate of economic hardship may be required for alterations, demolition, new construction, and exterior changes in appearance of noncontributing properties in a designated historic district, as provided below.

- A. Applications: An owner of a historic property or a noncontributing property in a historic district may request a certificate of appropriateness by filing a written application with the department of community development. The application shall be completed on a form provided by the department, and shall include all required information and payment of applicable fees.
- B. Ordinary Maintenance and Repair: A certificate of appropriateness shall not be required for ordinary maintenance and repair of a designated landmark or property within a historic district. Ordinary maintenance and repair shall mean work on a landmark property or property within a historic district that meets all of the following conditions:

1. Does not, by law, require issuance of a permit;
2. Involves regular, customary, or usual care of an existing building, structure, object, or site, for the purposes of preserving said property and maintaining it in a safe and sanitary condition; and
3. Does not involve a change of design, material, or appearance of the property.

C. Standards for Review of Noncontributing Properties in a Historic District. Any construction work proposed on a noncontributing property shall be reviewed to assure that the scale, massing, materials, and design of the work is compatible with the district.

Unless otherwise set forth in this article, a certificate of appropriateness shall be required prior to issuance of a permit for the following activities involving noncontributing properties:

1. New construction, including new buildings, structures, and objects, and new ancillary features such as fences, gates and walls; and
2. Remodeling and additions visible from the public right of way.

An application for a certificate of appropriateness for work proposed on a noncontributing property shall be reviewed in the same manner as a certificate of appropriateness for work proposed on a landmark or contributing property.

D. Administrative Review. A certificate of appropriateness may be issued by the director for work that meets the following conditions:

1. Requires a permit, and
2. Does not involve a change of design, material, appearance, or visibility of the character defining features of a designated landmark or property within a historic district.

All proposed work on a landmark or contributing property shall comply with the secretary of the interior's standards. All proposed work on a noncontributing property shall comply with the standards set forth in subsection C of this section.

If the director determines that the proposed work would not result in a significant change of design, material, appearance, or visibility of character defining features, and a) with respect to landmarks and contributing properties, would comply with the secretary of the interior's standards; or b) with respect to noncontributing properties, would comply with the standards set forth in subsection C of this section, then the director shall issue the certificate of appropriateness.

If the director determines that the proposed work might result in a significant change of design, material, appearance or visibility of character defining features, or a) with respect to landmarks or contributing properties, might not comply with the secretary of the interior's standards; or b) with respect to noncontributing properties, might not comply with the standards in subsection C of this section, then the director shall refer the application for a certificate of appropriateness to the commission for review.

If the director determines that the proposed work would result in a significant change of design, material, appearance or visibility of character defining features, or a) with respect to landmarks or contributing properties, would not comply with the secretary of the interior's standards; or b) with respect to noncontributing properties, would not comply with the standards set forth in subsection C of this section, then the director may deny the application for a certificate of appropriateness or refer the application to the commission for review.

3. An application for a certificate of appropriateness shall be acted upon by the director within twenty one (21) days of receipt of a complete application.
4. Work that may be approved pursuant to administrative review includes, but is not limited to, the following:
 - a. In-kind replacement of historically faithful architectural features or building elements that are deteriorated or damaged beyond repair, or were previously removed, including windows, doors, exterior siding, porches, cornices, balustrades, and stairs;
 - b. In-kind replacement of historically faithful built or cultivated site or landscape features that are deteriorated or damaged beyond repair, or were previously removed, including gates, fences, walls, hedges, pergolas, gazebos, walkways, and planting beds;
 - c. Replacement or repair of roof covering materials, gutters, and downspouts, with no change in appearance;
 - d. Foundation work and repainting of bricks on the exterior of a structure, with no change in appearance;
 - e. Addition of new fences and walls;
 - f. Addition or replacement of awnings and building-mounted signs;

- g. Landscape alterations, or removal or installation of tree and plant material not specifically designated or listed as character defining features of the property or district;
- h. New paving for driveways, walkways, and/or patios;
- i. Repainting of exterior surfaces that were originally intended to be painted. No surfaces that were not intended to be painted shall be painted including unpainted brick, concrete, or stone surfaces;
- j. Installation of new exterior lighting;
- k. Removal of additions to restore the original appearance of a building, structure, or object;
- l. Electrical, plumbing, utility work, and other permits for mechanical and other building systems, including rooftop appurtenances not visible from the public rights of way which result in no change in appearance to the property;
- m. One-story residential additions, excluding attached garages, that are no more than fifteen percent (15%) of the size of the existing main residence and have limited or no visibility to public rights of way ; and
- n. Other minor rehabilitation work as determined by the director.

E. Commission Review. When a certificate of appropriateness application is referred to the commission for review, a complete application shall be one that includes a report from a qualified historic preservation consultant detailing the project's compliance with, and potential deviation from, the secretary of the interior's standards in the case of landmarks or contributing properties, or subsection C of this article in the case of noncontributing properties.

When a certificate of appropriateness is requested for demolition or relocation of a landmark or contributing property, additional supporting materials and justification may be required as specified in the city's administrative guidelines.

Upon receipt of a complete application, the commission shall issue or decline to issue the certificate of appropriateness within sixty (60) days. The time limits in this section shall be extended by the director when necessary to comply with the provisions of CEQA, with the written consent of the owner, or to allow city staff an additional period of time not exceeding thirty (30) days in which to analyze information submitted to the city at or near the end of the 60-day period in which to act on the application. A public hearing shall be scheduled and notice provided per this article and CEQA where applicable. The time, place, and purpose of the public hearing on the proposed certificate of appropriateness shall be given by written notice sent via certified mail, return receipt requested, to the owner or

owner's designated representative at least fifteen (15) days prior to the date of the hearing.

The applicant for a certificate of appropriateness may submit such evidence to the commission as it deems appropriate at or prior to the hearing. At the hearing, the commission shall consider this and any other relevant information, as well as the reasonable economic, environmental, and technical feasibility of the proposed work, in determining whether to issue a certificate of appropriateness.

The commission shall issue a certificate of appropriateness if it finds that the work:

1. Complies with the secretary of the interior's standards; or
2. Does not demonstrate strict compliance with the secretary of the interior's standards, but nonetheless protects and preserves the historic and architectural qualities and the character defining features of a landmark or contributing property; or
3. Satisfies the requirements of subsection C of this section with respect to a noncontributing property; or
4. Meets the criteria established for alteration, restoration, reconstruction, relocation, rehabilitation, stabilization, or demolition of a landmark or contributing property in the city's administrative guidelines.

F. Extension of Time Periods: Any period of time to act specified in subsection D or E above may be extended by the commission or the director upon request of the owner of the subject property. Such a request shall be made in writing or on the record at a noticed hearing.

G. Term: A certificate of appropriateness shall lapse and become void twenty four (24) months from the date of issuance, unless a building permit (if required) has been issued and the rights granted by the permit or certificate have been exercised and are being pursued to completion. For purposes of this subsection, the term "exercised" means substantial expenditures in good faith reliance upon the permit or certificate. The burden of proof in showing substantial expenditures in good faith reliance upon the permit or certificate shall be placed upon the permit or certificate holder.

H. Extensions of Certificates: So long as the approved plans have not been modified, a certificate of appropriateness may be extended for a period of up to an additional twelve (12) months upon request by the owner and submittal of an appropriate application and payment of applicable fees. The director may approve, conditionally approve, or deny any request for a time extension, or may refer the request to the commission, which may approve, conditionally approve,

or deny any request for a time extension based upon criteria established in the city's administrative guidelines.

- I. Modifications: An application to modify an issued certificate of appropriateness, or a condition of approval imposed thereon, shall be heard and considered in the same manner and by the same body as the originally reviewed application unless otherwise determined by the director. Payment of applicable fees is required upon submitting an application for modification.

10-3-3220: CERTIFICATE OF ECONOMIC HARDSHIP:

The commission may issue a certificate of economic hardship to allow demolition, alteration, or relocation of a designated landmark or contributing property when it finds that denial of an enabling certificate of appropriateness would cause undue economic hardship for the property's owner(s). Any landmark or contributing property that is otherwise subject to a specific plan shall not be eligible for a certificate of economic hardship under this section.

- A. Applications: An owner of a historic property may request a certificate of economic hardship by filing a written application with the department of community development. The application shall be completed on a form provided by the department, and shall include all required information and payment of applicable fees to process the application and fund a peer review, by one or more appropriate consultants selected by the city, of the information submitted by the applicant. The application shall also include the following information:
 - 1. The estimated market value of the property in its current condition.
 - 2. The estimated market value of the property after completion of the proposed demolition, alteration, or relocation.
 - 3. The Estimated costs of the proposed demolition, alteration, or relocation.
 - 4. A report from a licensed engineer or architect with expertise in rehabilitation as to the structural soundness of any structures on the property and their suitability for rehabilitation.
 - 5. If the property owner contends that there is a dangerous or unsafe condition on the property, a report from an expert consultant identifying the condition, its cause, and all feasible rehabilitation, restoration, stabilization, and/or reconstruction measures that may be required to abate the condition.
 - 6. The estimated costs of all feasible rehabilitation, restoration, stabilization, and/or reconstruction measures that may be required to eliminate existing structural deficiencies or unsafe conditions on the property.

7. The estimated market value of the property if the owner undertook all feasible rehabilitation, restoration, stabilization, and/or reconstruction measures that may be required to eliminate all existing structural deficiencies or unsafe conditions on the property.
 8. For income producing properties located outside of areas of the city zoned for one-family development, information regarding annual gross income, operating and maintenance expenses, tax deductions for depreciation, annual cash flow after debt service, current property value appraisals, assessed property valuations, and real estate taxes.
 9. An estimate of the potential economic benefits to the property owner of all development incentives and benefits readily available to the owner under this article.
 10. Any other information the director may reasonably require in order to determine the present market value of the property, including but not limited to:
 - a. All appraisals obtained within the previous two (2) years by the owner or applicant in connection with the purchase, financing, or ownership of the property;
 - b. The amount paid for the property if purchased within the previous thirty six (36) months, the date of purchase, and the party from whom purchased, including a description of the relationship, if any, between the owner or applicant and the person from whom the property was purchased, and any terms of financing between the seller and buyer; and
 - c. Any listing of the property for sale or rent, and prices asked, and offers received, if any within the previous two (2) years.
- A.** Public Hearing: Once the director determines that an application for a certificate of economic hardship and any applicable peer review(s) thereof are complete, the director shall schedule a public hearing before the commission concerning the application to occur within sixty (60) days, at which the commission may approve, conditionally approve, or deny the application. Such hearing may be held concurrently with any related application for a certificate of appropriateness. The time, place, and purpose of the public hearing shall be given by written notice sent via certified mail, return receipt requested, to the owner or owner's designated representative at least fifteen (15) days prior to the date of the hearing.
- B.** Findings: The commission shall not approve an application for a certificate of economic hardship unless it makes all of the following findings:
1. The current market value of the subject property is unconscionably less than the projected net value of the property after demolition, alteration, or

relocation, based on the estimated market value of the property after demolition, alteration, or relocation and the estimated costs of demolition, alteration, or relocation; and

2. The projected net value of the subject property if all required rehabilitation, restoration, stabilization, and/or reconstruction measures are undertaken, based on the estimated market value of the property after rehabilitation, restoration, stabilization, and/or reconstruction, the estimated costs of rehabilitation, restoration, stabilization, and/or reconstruction, and the estimated economic benefits of all development incentives and benefits readily available under this article, is unconscionably less than the projected net value of the property after demolition, alteration, or relocation, based on the estimated market value of the property after demolition, alteration, or relocation and the estimated costs of demolition, alteration, or relocation.

- C. Conditions of Approval: If the commission approves an application for a certificate of economic hardship, it may condition its approval as it deems appropriate. Such conditions of approval may specifically include, but are not limited to, revocation of any previously granted historic incentive permit concerning the subject property.
- D. Copies Of Certificate: Upon approval, copies of the certificate of economic hardship shall be forwarded to the applicant, the building official, the director, and any other department or agency upon request.
- E. Effectiveness Of Certificate: No certificate of economic hardship shall become effective until the time to appeal its approval has expired.
- F. Extensions of Time Periods: Any period of time to act specified in this section may be extended by the commission or the director upon request of the owner of the subject historic property. Such a request shall be made in writing or on the record at a noticed hearing.

10-3-3221: CERTIFICATE OF INELIGIBILITY.

Any owner of a property not listed on the local register may at any time file an application with the city requesting a determination that the subject property is not an eligible property and therefore is exempt from the provisions of this article.

- A. Applications: A request for a certificate of ineligibility shall be made by filing a written application with the department of community development. The application shall be completed on a form provided by the department, and shall include all required information and payment of applicable fees. Copies of the application shall be provided promptly to members of the commission by the director to enable commissioners to provide information to the director concerning the subject property where appropriate.

- B. Administrative Procedure:** Within thirty (30) days after the filing of the application, the director shall review the application materials and determine whether the application is complete or whether additional information is required. If the application is determined to be incomplete, the director shall promptly inform the applicant in writing of the missing information. Within thirty (30) days after the submittal of the missing information, the director shall again review the application materials and determine if the application is complete. The processing timelines and procedures set forth in this section shall commence on the next business day after the application is deemed complete.

Within thirty (30) days after the application is deemed complete, the director shall prepare and serve on the property owner by first-class, prepaid mail a written preliminary evaluation stating whether or not the director finds that the subject property is an eligible property. If the director does not find that the property is an eligible property, the director shall issue the requested certificate of ineligibility; but if the director believes that the property is an eligible property, the director shall not issue the certificate. If the director fails to prepare and serve a preliminary evaluation regarding the subject property within the allotted thirty (30) days, such failure will be deemed a finding of ineligibility, and the director shall issue the requested certificate of ineligibility without further delay.

- C. Hearing After Preliminary Evaluation.** If the director declines to issue a requested certificate of ineligibility, the commission shall consider the matter de novo at its next regularly held meeting; provided, however, that if the next regularly scheduled meeting is set to occur less than ten (10) days or more than thirty (30) days after completion of the preliminary evaluation, the director shall schedule another meeting to occur within thirty (30) days after completion of the application at which the commission shall hear the matter. The director shall give written notice of the date, time, place, and purpose of the hearing to the applicant/appellant and any designated agent(s) by first class, prepaid mail not less than ten (10) days prior to the hearing. If, based on the director's preliminary evaluation and any other evidence provided to the commission at or prior to the hearing, the commission determines that the subject property is not an eligible property, it shall issue the requested certificate; but if the commission finds that the subject property is an eligible property, it shall not issue a certificate.
- D. Effect of Certificate of Ineligibility:** A certificate of ineligibility bars the commission or the city council from initiating landmark designation proceedings concerning the subject property, in whole or in part, for a period of seven (7) years from the date of issuance. While a certificate of ineligibility is in effect, the subject property shall not be listed on the local inventory, and shall not be subject to the provisions of section 10-3-3217 and section 10-3-3218 of this article.
- E. Effect of Non-Issuance of Certificate:** A final determination not to issue a certificate of ineligibility bars the owner of the subject property, and any successor in interest, from filing another application for a certificate of ineligibility concerning the same property for a period of five (5) years. Any such

final determination may also serve as a basis for the commission to list the subject property on the local inventory if it is not already so listed.

- F. Extensions of Time Periods: Any period of time to act specified in this section may be extended by the commission or the director upon request of the owner of the subject property. Such a request shall be made in writing or on the record at a noticed hearing.

10-3-3222: APPEALS; FINALITY OF DECISIONS REGARDING CERTIFICATES OF APPROPRIATENESS, CERTIFICATES OF ECONOMIC HARDSHIP, AND CERTIFICATES OF INELIGIBILITY:

- A. Authority To Appeal Decisions: Only the applicant for a certificate of appropriateness, certificate of economic hardship, or certificate of ineligibility, or an owner of another property within a historic district in which the property that is the subject of the application is located, shall be entitled to file an appeal of a decision regarding the certificate pursuant to title 1, chapter 4, article 1 of this code. The city council shall have the authority to call up such decisions for review pursuant to the provisions of title 1, chapter 4, article 2 of this code.
- B. Finality Of Director Or Commission Decision: Any decision of the director or the commission regarding a certificate of appropriateness, certificate of economic hardship, or certificate of ineligibility under this article shall become final if no appeal is submitted within the applicable appeal period and the decision is not called up for review by the city council pursuant to the provisions of title 1, chapter 4, article 2 of this code.
- C. Appeal Of Director Actions: A decision by the director pursuant to section 10-3-3219 of this article may be appealed to the commission within fifteen (15) days from the date of the decision pursuant to the procedures set forth in title 1, article 4, chapter 2 of this code.
- D. Appeal Of Commission Actions: A decision by the commission pursuant to section 10-3-3219, section 103-3220, or section 10-3-3221 of this article may be appealed to the city council within fifteen (15) days from the date of the decision pursuant to the procedures set forth in title 1, chapter 4, article 1 of this code. A decision by the commission pursuant to any section of this article may be called up for city council review pursuant to the provisions of title 1, chapter 4, article 2 of this code. The city council shall act within sixty (60) days after an appeal is filed or the matter is called up for review, as the case may be, or within any additional period agreed to by the property owner or owners. Failure to act within the permitted time period shall be deemed a denial of the appeal and approval of the commission's decision.

SELLING AGENT: A listing agent who acts alone, or an agent who acts in cooperation with a listing agent, and who sells or obtains a buyer for the real property, or an agent who locates property for a buyer or who finds a buyer for a property for which no listing exists and presents an offer to purchase to the seller.

- B.** If a property has been designated by the city of Beverly Hills as a landmark, is a property within a designated historic district, is listed on the local inventory, or was designed by a person identified on the list of master architects, the owner or the selling agent of the property shall, in any real property transaction, provide the buyer of the property with notice informing the buyer of the property's historic or potentially historic status. If a preliminary title report indicates that the property was once owned and occupied by a person of great importance or a person of great local prominence, the owner or selling agent shall provide the buyer with notice informing the buyer of that fact as well. The owner or the selling agent shall provide the notice(s) to the buyer before expiration of any inspection contingency period, or in the absence of such contingency, at least ten (10) calendar days before the first scheduled date for the transfer of title to occur. The director shall prepare a written form for owners and selling agents to use as a means of facilitating the disclosures required pursuant to this section.
- C.** Any person who violates the provisions of this section shall be subject to the penalties and remedies specified in title 1, chapter 3 of this code. In addition, a

buyer who does not receive the notice required by subsection B of this section may bring a civil action for damages and any other remedies available at law or in equity.

- D. The disclosure requirements of this section shall not apply to real estate transactions subject to Civil Code section 1102.2 or any successor or amended section.
- E. The disclosure requirements of this section are in addition to any disclosure obligations a property owner or agent may have under California law.

10-3-3224: LIMITED APPLICABILITY TO RENOVATIONS OF PROPERTIES REQUIRED TO COMPLY WITH SECRETARY OF INTERIOR STANDARDS:

Notwithstanding anything else set forth in this article, any designated landmark the renovation of which is required by legislation enacted by the city of Beverly Hills prior to the adoption of this article to comply with the secretary of interior's standards for rehabilitation pursuant to 36 CFR 68.3(b) and related guidelines for rehabilitating historic buildings shall be exempt from the provisions in sections 10-3-3216, 10-3-3217, 10-3-3218, 10-3-3219, 10-3-3220, 10-3-3221 and 10-3-3222 of this chapter; provided, however, that any such property shall be subject to all provisions of this article for demolition, and for off site relocation of significant structures or significant landscaping.

Regardless of the contents of any resolution adopted under subsection 10-3-3215H of this chapter, the provisions of the legislative enactment imposed on any property that is subject to this section shall control with respect to characteristics to be preserved and standards for future proposed changes.

10-3-3225: ENFORCEMENT AND PENALTIES:

- A. Any person who violates a requirement of this article or fails to obey an order issued by the commission and/or director, or fails to comply with a condition of approval of any certificate or permit issued under this chapter, shall be subject to enforcement actions as set forth in title 1, chapter 3 of this code.
- B. In addition to all other remedies available to the city, any alteration, relocation, or demolition of a landmark or contributing property in violation of this article is expressly declared to be a nuisance and may be abated as deemed appropriate by the city.
- C. In addition to all other remedies, the city shall have the authority to impose a temporary moratorium on the development of a property for a period not to exceed sixty (60) months from the date the city becomes aware of any alteration, relocation, or demolition in violation of this article, unless the owner obtains permits to restore or reconstruct the property to its original condition prior to the violation and the work is consistent with the secretary of the interior's standards. The purpose of the moratorium is to provide the city an opportunity to study and

determine appropriate mitigation measures for the alteration, relocation, or demolition of the historic property, and to ensure such measures are incorporated into any future development plans and approvals for the subject property. Mitigation measures which may be determined to be appropriate by the director, the commission, or the city council shall be imposed as a condition of any subsequent permit for development of the subject property.

- D. The city attorney may maintain an action for injunctive relief to restrain a violation, or cause, where possible, the complete or partial restoration, reconstruction, or replacement of any part of a historic property demolished, partially demolished, altered, partially altered, relocated, or partly relocated in violation of this chapter.
- E. Any person who demolishes, alters, relocates, rehabilitates, stabilizes, or reconstructs a designated landmark or property in a designated historic district without the approval and issuance of a certificate required to be issued pursuant to this article may be required to restore the property to its appearance prior to the violation to the extent such restoration is physically possible, under the guidance of the director. This civil remedy shall be in addition to, and not in lieu of, any criminal penalties available.
- F. In addition to any other remedies provided herein, any violation of this article may be enforced by civil action brought by the city. Remedies under this article are in addition to and do not supersede or limit any and all other remedies or penalties, whether civil or criminal. The remedies provided herein are cumulative and not exclusive. In any such action, the city may seek as appropriate, one or both of the following remedies:
 - 1. A temporary or permanent injunction, or both;
 - 2. Assessment of the violator for the costs of any investigation, inspection, or monitoring survey that led to the establishment of the violation, and for the reasonable costs of preparing and bringing legal action under this subsection.

10-3-3226: PRE-EXISTING ENTITLEMENTS AND BUILDING PERMITS:

This article does not apply to construction, alteration, moving, or demolition of a property, building, structure, or object pursuant to valid entitlements granted by the city prior to the effective date hereof, or started under a valid building permit issued prior to the effective date hereof, as such entitlements or permits may be extended pursuant to provisions of this code and state laws. Once the work authorized by any such entitlement or building permit has been completed the provisions of this article apply.

10-3-3227: FEES:

The city council may, by resolution, establish the fee(s) for an application to initiate nomination proceedings, and all other applications and submissions made pursuant to this chapter.

10-3-3228: WAIVER OF IN-LIEU FEES

Pursuant to the requirements, limitations, and procedures set forth in this section, the city council or the planning commission may allow the owner of a designated historic property to purchase in-lieu parking to serve a site area in excess of sixteen thousand (16,000) square feet of space, and may waive, in whole or in part, the fees required by section 10-3-3310 of this article.

- A. Required Uses: The city council or planning commission may only take action pursuant to this subsection if the historic property on the site area is the subject of an adaptive reuse.
- B. Findings Required: The city council or planning commission shall not take action pursuant to this section unless the city council or planning commission finds that the proposed use will not unreasonably deplete parking resources in the in-lieu parking district.
- C. Reviewing Body: The city council shall review an application filed pursuant to this subsection unless that application accompanies an application that otherwise requires review by the planning commission. If the application filed pursuant to this subsection accompanies an application that otherwise requires review by the planning commission, then the planning commission shall be the reviewing body for the application filed pursuant to this section.
- D. Procedure: An application filed pursuant to this section shall be submitted in writing to the director. Upon receipt of such application, a hearing regarding the application shall be scheduled before the city council or the planning commission, as provided in subsection C of this section. Notice of the hearing shall be mailed to the applicant at least ten (10) days prior to such hearing.

10-3-3229: CITY OWNED PROPERTIES; SCHOOL DISTRICT PROPERTIES:

- A. The provisions of this article do not apply to city owned properties; however the city council may, in its discretion, add a city owned property to the local register provided the property meets the criteria set forth in either section 10-3-3212 or 10-3-3213 of this chapter following any process it deems appropriate.
- B. The provisions of this article shall not apply to properties owned by a public school district, unless a school district files an application requesting landmark or historic district designation of its property and the city designates the facility or facilities as a landmark or historic district.

10-3-3230: DANGEROUS AND IMMEDIATELY DANGEROUS PROPERTIES:

Nothing in this article shall prevent the reconstruction, alteration, repair, restoration, stabilization, rehabilitation, or demolition of a property, regardless of designation or eligibility for designation, if the building official determines that the property creates an unsafe or

dangerous condition that presents an imminent threat to the health or welfare of the owner, the public, or an adjacent property, and further that the proposed action is necessary to mitigate the unsafe or dangerous condition. In that event, the building official shall immediately notify the director in writing of the situation, and shall make reasonable efforts to consult with the director to determine if there are feasible alternatives to the proposed action that will adequately protect against the determined threat. Any action taken pursuant to this subsection shall not require a certificate of appropriateness, economic hardship, or ineligibility.”

Section 6. The City Council hereby amends Section 3251 of Article 32.5 of

Chapter 3 of Title 10 of the Beverly Hills Municipal Code to read as follows:
