RECOMMENDATION

Staff recommends that the City Council (1) find that the conformance with the bidding procedures in the Municipal Code would be contrary to the best interests of the City, (2) waive the bidding requirements as the City is utilizing the National Joint Powers Alliance (NJPA) bid process, and (3) move to approve a purchase order in the amount of \$366,759.42 to Wondries Fleet Group for the purchase of specified vehicles.

DISCUSSION

Following an annual evaluation of the City's vehicle and equipment fleet, Fleet Services staff has determined that the below-listed vehicles have either met or exceeded their life expectancies:

<u>ID #</u>	<u>YEAR/MAKE/MODEL</u>	<u>PROGRAM NO. / DESCRIPTION</u>
011	2005 DODGE DAKOTA	00102502 / IDENTIFICATION BUREAU
038	2012 FORD EDGE	00102501 / DETECTIVE BUREAU
160	2006 CHEVROLET TAHOE	00102301 / PATROL BUREAU
161	2006 CHEVROLET TAHOE	00102301 / PATROL BUREAU
162	2006 CHEVROLET TAHOE	00102301 / PATROL BUREAU
163	2006 CHEVROLET TAHOE	00102301 / PATROL BUREAU
164	2006 CHEVROLET TAHOE	00102301 / PATROL BUREAU
325	2002 DODGE DAKOTA	00106910 / PARK OPERATIONS
326	2002 DODGE DAKOTA	00106910 / PARK OPERATIONS
838	2007 CHEVROLET TAHOE	00103101 / FIRE ADMINISTRATION

Replacement vehicle selections are determined by a number of considerations to include; right-sizing vehicles for divisional operations, minimizing mobile source emissions from on and off road vehicles and reducing the use of nonrenewable polluting transportation fuels, in support of the Beverly Hills Sustainable City Plan to reduce both air pollution and the City's carbon footprint.

After a joint deliberation with the Police Department, Fire Department and Community Services staffs, Fleet Services concurred with the Department's requests to replace their vehicles with assignment specific selections to include a Honda Odyssey Van, a Dodge Challenger Sedan, two Ford SUV Interceptors, three Chevrolet Tahoe's, two Toyota Tacoma Pick-Ups and one Ford Expedition. These replacement vehicles are necessary in order to satisfy job duty requirements and also ensure that the vehicles in the City fleet are safe, reliable, modern, and relevant to the user's current and future needs. The surplus vehicles and equipment are sold at auction after they have been removed from service and surplus values historically fluctuate between 5% - 30% of acquisition cost depending on specific demand.

After careful evaluation of various purchasing options and pricing, staff determined that it is in the best interest of the City not to proceed with its own bid process and utilize the bid process of the National Joint Powers Alliance Procurement Contract #102811-NAF (See Attachment 1). Staff determined that using the National Joint Powers Alliance procurement resources, manpower and purchasing power gives the City the best pricing opportunity. Wondries Fleet Group intends to extend the same terms, conditions and prices that are stipulated in the National Joint Powers Alliance procurement contracts which commenced on January 17, 2015, to the City of Beverly Hills as noted in the chart included in the Fiscal Impact section below.
