5. February 4, 2016 Traffic & Parking Commission Staff Report
6. Correspondence

RECOMMENDATION

The Traffic & Parking Commission recommends that the City Council approve a resolution of the Council of the City of Beverly Hills modifying Preferential Parking Permit Zone "D" on the 200 block of El Camino Drive between Charleville Boulevard and Gregory Way as follows:

"No Parking Anytime, Permit 'D' Exempt"

INTRODUCTION

On February 4, 2016, the Traffic & Parking Commission reviewed a City-initiated request to modify the "No Parking Anytime, Monday through Saturday" permit regulation on the 200 block of El Camino Drive to add a Sunday regulation. The Commission voted 5-0 in support of staff's recommendation.

DISCUSSION

Background information is provided in the February 4, 2016 Traffic & Parking Commission staff report.

Four residents from the 200 block of El Camino Drive spoke in support of a Sunday parking regulation at the February Traffic & Parking Commission meeting. Five letters in support of the permit modification were also received. The Traffic & Parking Commission noted their concern that no feedback was received from the businesses on South Beverly Drive.

Public Notices advising of City Council review at the February 16, 2016 formal meeting were mailed February 5, 2016 to the same mailing list used for the Traffic & Parking Commission. Notices were mailed to residents on the 100, 200 and 300 blocks of El Camino Drive; the 200 blocks of South Rodeo Drive and South Beverly Drive; and residences and businesses of the 100 and 300 blocks of South Rodeo Drive and South Beverly Drive within a 500' radius of the project area.

City-Initiated Review

Per Beverly Hills Municipal Code Chapter 7, Article 2, Section 7-3-207 *Modification of an Existing Zone*, modifying an existing permit zone may be initiated (A) at the request of the Traffic & Parking Commission or City Council, or (B) a resident-initiated petition signed by a minimum of 60% of the residents on the affected street block(s).

In February 2015, the single-family residents from the 200 block of El Camino Drive initiated a petition letter to add a Sunday permit parking restriction on the street block to address displaced resident parking generated by South Beverly Drive employee and commuter intrusion. The petition letter was signed by 21 of the 28 single-family homes and submitted to the City in March 2015. The petitioners were challenged with accessing apartment/condominium security buildings, but were able to obtain 10 of 54 signatures from the multiple-family dwelling units.

The request for a City-initiated permit modification in lieu of a qualifying petition was reviewed by the City Council/Traffic & Parking Commission Liaison Committee on September 2, 2015 and referred to the Traffic & Parking Commission for consideration.

On December 3, 2015, the Traffic & Parking Commission reviewed and supported a City-initiated process in lieu of a qualifying resident petition requiring a minimum of 60% (49/82) signatures. The Traffic & Parking Commission acknowledged the petition letter and attempts to secure signatures from the multiple-family buildings.

FISCAL IMPACT

The cost of modifying parking signs would be nominal and installed by City staff.

 Susan Healy Keene, AICP
Community Development Director

RESOLUTION NO.16-R-_____

**RESOLUTION OF THE COUNCIL OF THE CITY OF BEVERLY HILLS
MODIFYING PREFERENTIAL PARKING PERMIT ZONE "D" ON THE 200
BLOCK OF EL CAMINO DRIVE BETWEEN CHARLEVILLE BOULEVARD
AND GREGORY WAY**

WHEREAS, pursuant to Beverly Hills Municipal Code Section 7-3-207(a), modifying an existing permit zone may be initiated at the request of the Traffic & Parking Commission or City Council;

WHEREAS, there is an existing permit parking regulation of "No Parking Anytime, Monday through Saturday, Permit 'D' Exempt" on the 200 block of El Camino Drive between Charleville Boulevard and Gregory Way;

WHEREAS, on September 2, 2015, the City Council and Traffic & Parking Commission Liaison Committee concurred that the Traffic & Parking Commission review a resident request for a City-initiated review process to modify the existing permit regulation on the 200 block of El Camino Drive in lieu of a qualify resident-initiated petition signed by 60% of the residents on the affected street block(s);

WHEREAS, on December 3, 2015, the Traffic & Parking Commission reviewed and supported a request for a City-initiated review process for the 200 block of El Camino Drive between Charleville Boulevard and Gregory Way;

WHEREAS, the City-initiated permit modification requested adding a Sunday parking permit regulation to address commuter parking;

WHEREAS, on February 4, 2016, the Traffic & Parking Commission investigated the need to modify the Preferential Parking Permit Zone on the 200 block of El Camino Drive between Charleville Boulevard and Gregory Way;

WHEREAS, on February 4, 2016, the Traffic & Parking Commission recommended modifying the regulation to "No Parking Anytime, Monday through Saturday, Permit 'D' Exempt" on the 200 block of El Camino Drive between Charleville Boulevard and Gregory Way to add a Sunday regulation; and

WHEREAS, following parking occupancy studies and field checks, Transportation Planning staff supported a "No Parking Anytime, Permit 'D' Exempt" to address commuter parking on the 200 block of El Camino Drive between Charleville Boulevard and Gregory Way;

WHEREAS, Transportation Planning has reviewed the proposed project and has determined that the project is not subject to the California Environmental Quality Act and has issued a Categorical Exemption;

NOW AND THEREFORE, the Council of the City of Beverly Hills does hereby resolve as follows:

Section 1. Based upon the evidence and testimony presented to the City Council, including the information set forth in the Agenda Report, the findings required by BHMC Section 7-3-206(d) to justify modifying Preferential Parking Permit Zone "D" on the 200 block of El Camino Drive between Charleville Boulevard and Gregory Way can be made.

Section 2. The Council finds that the following designated preferential permit zone is required due to commuter vehicles regularly interfering with available public parking adjacent to residential property zone; or that such vehicles are the cause of unreasonable noise and pollution in the residential environment; or that there is no reasonable alternative which is feasible or practical to reduce the identified street parking problem to acceptable levels.

Section 3. The City Council hereby approves modifying Preferential Parking Permit Zone "D" on the 200 block of El Camino Drive between Charleville Boulevard and Gregory Way

subject to the provisions of the Beverly Hills Municipal Code Section 7-3-206(d), with a regulation of:

"No Parking Anytime, Permit 'D' Exempt"

Section 4. The City Clerk shall certify to the adoption of this resolution and shall cause this resolution and this certification to be entered in the Book of Resolutions of the Council of the City.

Adopted:

JULIAN A. GOLD, M.D.
Mayor of the City of Beverly Hills, California

ATTEST:

(SEAL)
BYRON POPE
City Clerk

APPROVED AS TO FORM:

DAVID M. SNOW
Interim City Attorney

BEVERLY HILLS CITY COUNCIL NOTICE OF PUBLIC MEETING

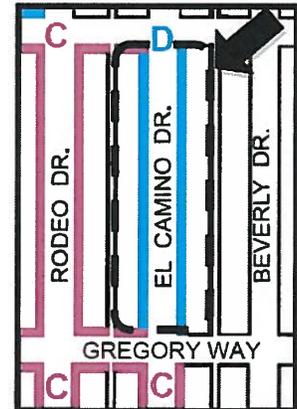

200 Block of El Camino Drive Request to Modify a Preferential Parking Permit Zone

The City of Beverly Hills invites your participation in a City-initiated review to modify the Preferential Parking Permit Zone on the 200 block of El Camino Drive between Charleville Boulevard and Gregory Way.

- MEETING:** Beverly Hills City Council
- DATE:** Tuesday, February 16, 2016
- TIME:** 7:00 p.m., or as soon thereafter as the matter may be heard.
- LOCATION:** City Hall, Council Chambers, 455 N. Rexford Drive, Beverly Hills, CA, 90210
- PETITION:** Modify the existing “No Parking Anytime, Monday through Saturday, Permit ‘D’ Exempt” regulation to include a Sunday regulation.
- ACTION:** Consideration of a Traffic & Parking Commission recommendation to modify the permit regulation on the 200 block of El Camino Drive as follows:

“No Parking Anytime, Permit ‘D’ Exempt.”

As the Traffic & Parking Commission unanimously recommended approval to modify the existing regulation, the item will be placed on the City Council Consent Calendar. The City Council will only discuss the item if a Councilmember pulls the item for discussion or a speaker card is submitted for the item.

The Traffic & Parking Commission is an advisory board to the City Council. The City Council may approve, deny, or modify the petition request. Please note that a preferential parking permit does not exempt vehicles from the City’s no overnight parking ordinance between 2:30-5:00 a.m.

- PUBLIC COMMENT:** Persons wishing to comment on this proposal are invited to attend the February 16, 2016 City Council meeting and/or submit written comments. Any communication received by the City becomes part of the public record.

By Email: transportation@beverlyhills.org

By Mail: City of Beverly Hills
Community Development - Transportation Planning
455 North Rexford Drive, Beverly Hills, CA 90210

If you would like additional information regarding this proposal, please contact Community Development - Transportation Planning at (310) 285-1128.

This report outlines a City-initiated review to modify of the existing preferential parking permit regulation on the 200 block of El Camino Drive. Staff recommends modifying the existing “No Parking Anytime, Monday through Saturday” parking regulation to add a Sunday restriction as follows:

“No Parking Anytime, Permit ‘D’ Exempt”

Background

The 200 block of El Camino Drive is composed of 28 single-family homes and six multiple-family buildings with 54 dwelling units. There is no intersecting alleyway between the single and multiple-family buildings. The existing permit regulation of “No Parking Anytime, Monday through Saturday, Permit ‘D’ Exempt” was established in February 1979 (79-O-1725) to address resident parking displacement generated by employees and patrons visiting the adjacent Wilshire Boulevard and Beverly Drive commercial corridors. Archive records include a petition signed by 79% (22 of 28) of the single family homes on the 200 block of El Camino Drive.

In February 2015, the single-family residents from the 200 block of El Camino Drive submitted a letter to add a Sunday permit parking restriction on the street block to address South Beverly Drive employee and commuter intrusion. The petition letter was signed by 21 of the 28 single-family homes and submitted to the City in March 2015. The petitioners were challenged with accessing apartment/condominium security buildings, but were able to obtain 10/54 signatures from the multiple-family dwelling units.

On December 3, 2015, the Traffic & Parking Commission accepted the City-initiated process in lieu of a resident petition to review a modification to the existing permit parking regulation on the 200 block of El Camino Drive.

Discussion

Staff conducted a parking occupancy survey on Sunday, January 10, 2016 from 10 a.m. to 4 p.m. In addition to the parking occupancy survey data collected by the Traffic Engineering

team, Parking Enforcement collected additional windshield vehicle counts with consistent results. On average, 91% (51 of 56 spaces) of the residential parking spaces were occupied during the 6-hour survey period, with peak-hour occupancy of 96% recorded at the 2 p.m. hour. On average, 76% (39/51) of the spaces were occupied by commuter vehicles.

Occupancy

Period	Average Occupied / Total Spaces	Average Commuter
Study: 10 a.m.- 4 p.m.	51 / 56 (91%)	39 / 51 (76%)
Peak Hour: 2 p.m.	54 / 56 (96%)	42 / 54 (78%)

Vehicles

Total Vehicles	Commuter	Commuter 6+Hr Duration
90	71 / 90 (79%)	22 / 71 (31%)

A total of 90 vehicles were recorded during the survey period. Fourteen of the 19 (74%) resident vehicles were parked at the north end of the block adjacent to the multiple-family buildings and displayed current permit placards. There were 12 vehicles with disabled placards parked randomly throughout the street for 1-hour intervals each. The adjacent sections of Charleville Boulevard and Gregory Way have four parking spaces east of El Camino Drive; all eight spaces were occupied throughout the survey period.

Based on high commuter occupancy and long-term parking, and the lack of an enforcement tool to regulate vehicle turn-over on Sunday, staff recommends modifying the existing permit regulation to add a Sunday restriction, except by resident permit.

Noticing

Notices advising of the February 4, 2016 Traffic & Parking Commission meeting were mailed on January 25, 2016 to residents on the 100, 200 and 300 blocks of El Camino Drive; the 200 blocks of South Rodeo Drive and South Beverly Drive; and residences and businesses of the 100 and 300 blocks of South Rodeo Drive and South Beverly Drive within a 500' radius of the project area.

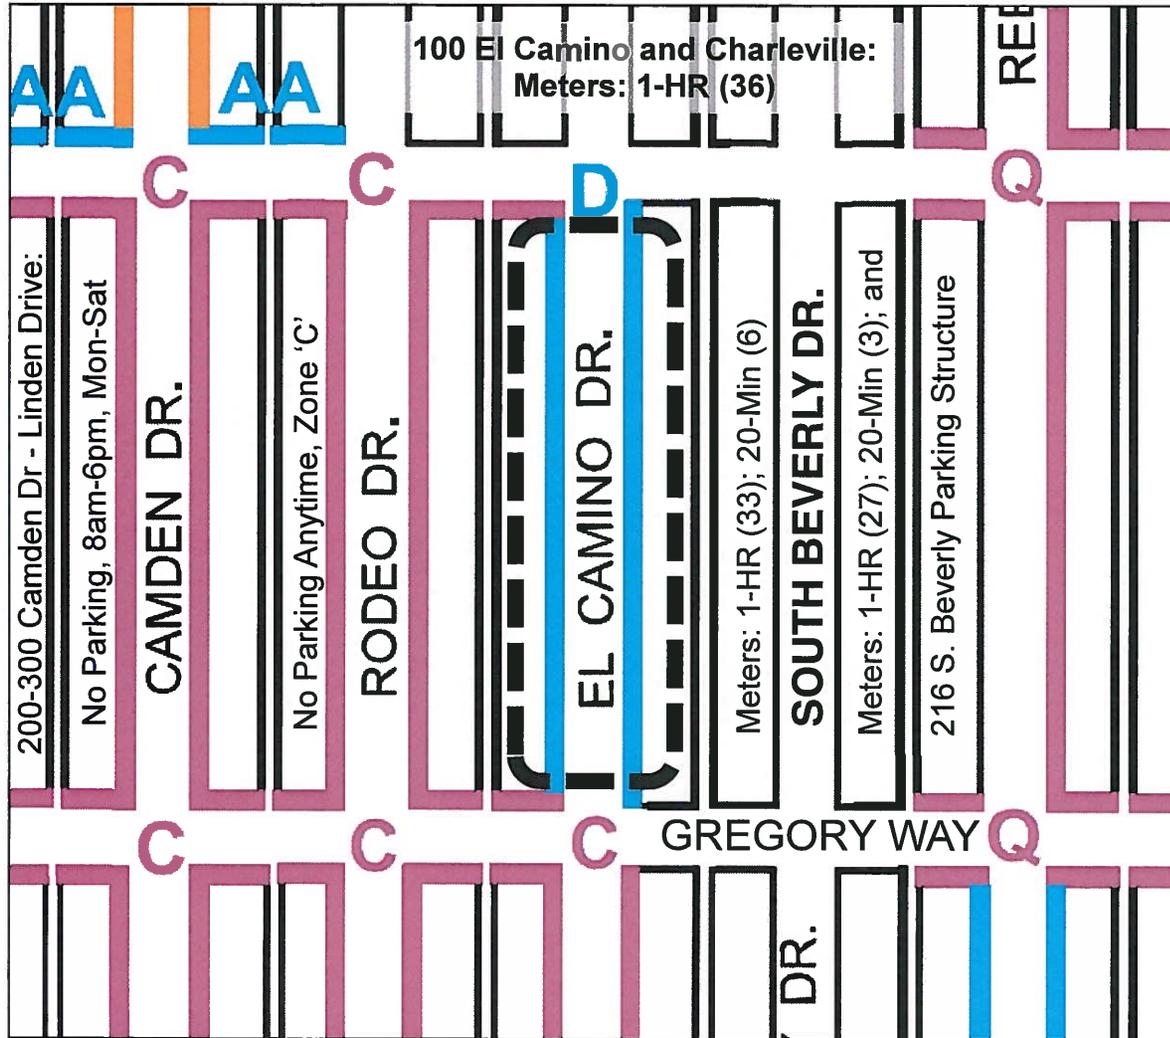

Recommendation

Pending public comment and Traffic & Parking Commission discussion, staff recommends modifying the existing permit zone on the 200 block of El Camino Drive with a regulation of:

“No Parking Anytime, Permit ‘D’ Exempt”

Sent: Tuesday, February 09, 2016 12:04 PM
To: WebCBH TRANSPORTATION
Subject: Petition: Modify the existing "No Parking Anytime, Monday through Saturday, Permit D Exempt Regulation" to include Sunday Regulation

To Whom it May Concern,

I am a resident at 201 El Camino Drive who has parking Permit D and heavily relies on the Permit D parking available. During the week, it is often impossible to find a space, in overnight and daytime zones, and when anyone parks in our zone on Sunday I never get a parking space. Therefore I approve of the no parking regulation except for Permit D to include Sunday as well. Permit D users have so little space in comparison to people like Permit C holders therefore, it is unfair that on days like Sunday our little bit of space can be used by people who do not even reside in our area. We pay high rent and taxes to live here therefore the least you could do is make sure we can park on our street no matter what day it is. And there are still plenty of 2 hour parking except Sunday zones near the heart of Beverly Hills for people to park freely on Sundays. Also do not allow livery and limo and car service drivers to take up our parking spaces while they wait for their passengers. It is noisy when I am trying to sleep with their engines running and they unfairly hog our spaces and make it hard to park during the day when I come home.

On a whole OTHER ISSUE, the majority of people in our parking zone have terrible parking etiquette in terms of taking up empty space from doing sloppy parking jobs. There should be a pasted set of rules for proper parking etiquette so spaces are not wasted and there should some penalties like tickets or being towed if people do not follow the proper parking rules. There are often limited spaces available because of sloppy parking jobs.

Also more importantly, if you could fix it, Permit D users need MORE overnight parking space and should be able to park ANYWHERE overnight in the Permit D zone with the overnight permit rather than the small fraction of the block you let Permit D users park overnight in.

In all, your parking situation is flawed and nonsensical, and it needs to be fixed. It makes my life so stressful and miserable living here at times because I often have to stress over not getting a parking space to leave my car during the day or at night when I come home.

Thank you for your consideration,
Oliver Josephson

Hello,

I live at 216 El Camino Drive and am in favor of the modification of the Preferential Parking Permit Zone for the 200 block of El Camino.

Requiring permits on Sunday would greatly alleviate the lack of parking places for residents and guests of residents on Sundays. it is almost impossible

to have family or friends over on Sundays. I hope you will consider our request as well as those of our neighbors.

Best,

Nancy Heim & Victor Reskin

Dear Sir or Madam,

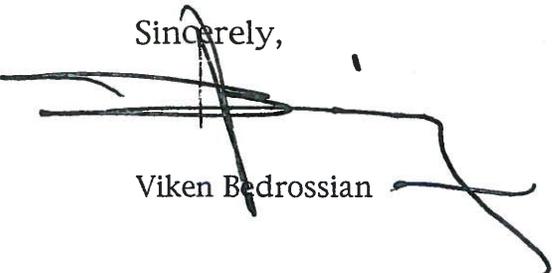

This is in response to your letter regarding the petition to modify the parking "D" requirement to include Sundays. Currently, there is no permit requirement for Sundays and that makes it very difficult for us residents to find street parking on El Camino. Therefore, I encourage you to include Sundays and disallow parking for people without permit "D."

Furthermore, on weekdays there are a number of people who borrow permit tags from residents and park their cars on El Camino all day while they go to work on adjacent streets. I have observed a black Chevrolet " " arriving daily at 5:00 am and not leaving until 12-14 hours later. While I am not certain, it appears that this person is coming from another community and using up our parking privileges. This type of behavior makes the parking availability increasingly difficult on street sweeping days.

Finally, there are those who use handicap tags unlawfully to park in our valuable spaces. This is especially difficult for us when they take up our spaces overnight. However, in this case, I do understand that there may be little or nothing that can be done.

Thank you for giving us the opportunity to voice our concerns and comments.

Sincerely,

Viken Bedrossian

Subject: Meeting Feb 4, 2016 traffic and Parking commission please read

To whom it may concern,

I am writing this email in regards to the Feb. 4, 2016 meeting at City Hall in room 280-A 9:00am. For the petition to modify the existing "no parking anytime" Monday thru Saturday to include Sunday. I having been living at 209 El Camino Dr. #202 for aprox 17 years, the parking on this street 200 Block of EL Camino Drive is getting so hard to park your car, just simple things like if you want to go to the market and bring your groceries upstairs is almost impossible especially on Sunday. So I am in favor of changing the existing " no parking" and please do include Sunday's. In addition, please keep in mind that everyday of the week, there are so many people that park with handicap stickers and they are not deserving of that. They leave no spaces for the people that actually need it. This may be another issue.

Thank you

Subject: Comment on modification of permit parking 200 block el camino

To whom it may concern,

I am 100% in support of modifying the parking zone on 200 el camino to "no parking anytime, permit D Exempt." Currently it impossible for me to park anywhere on el camino on a sunday and I end up parking blocks away just to go to my own apartment on El camino. There is a 2 hour free parking garage on beverly drive so there is no reason for people to park on the 200 block of el camino.

Thank you for your consideration.

Sincerely,
Steven

Subject: Limited Sunday on El Camino

I reside on 240 s el Camino drive and the parking situation on Sunday amounts to a dangerous situation by where anyone from outside our area can park on our street leaving no room for our selves famil y or guests. Please extend the existing Zone D parking restrictions to Sunday. Thank you. Anthony Clifford.

Subject: 200 Block of El Camino Drive

Thank you for your consideration of our request to modify parking restrictions on the 200 block of El Camino Drive to include Sundays.

As residents, we support this modification request, as it would enhance residents' ability to utilize street parking for their own needs, and for visiting family and friends. Due to our proximity to the businesses of S. Beverly Drive, parking on our street is challenging most days (We have never seen so many able-bodied drivers with handicap permits!). But parking is particularly difficult on Sundays. Currently, street parking is filled up very early every Sunday morning. Furthermore, unlike the turnover in street parking that occurs Monday-Saturday, Sunday parkers, for the most part, are in place for the majority of the day, leaving residents little or no street parking access. The long hours suggest these cars are not being parked to access Beverly Drive, so a change should not present a negative impact to businesses there.

The residents of El Camino are not opposed to sharing our street for short-term parking needs of other area residents and visitors. However, we are not really "sharing" on Sundays, as our street's parking is taken first thing, and by all-day parkers. We respectfully ask that you align restrictions for all seven days of the week, so we have some opportunity to utilize our street on Sundays.

Thanks again for your review of this issue.

Re: Changing Sunday Parking Code

Date: February 1, 2015

The residents of 212 through 265 El Camino Drive request that the parking rules on our street change to "No Parking Any Time Except by Permit Monday through Sunday". Currently, Sunday is excluded.
