

STAFF REPORT

Meeting Date: July 5, 2016

To: Honorable Mayor & City Council

From: Ryan Gohlich, AICP, Assistant Director of Community Development/City Planner
Timothea Tway, AICP, Associate Planner

Subject: Regional Development Projects Report - City Council Quarterly Update

Attachments:

1. Regional Development Projects List
2. Regional Development Projects Map

INTRODUCTION

This is the quarterly report of proposed development outside the City of Beverly Hills. The Community Development Department regularly monitors development projects occurring in neighboring jurisdictions near the City's boundaries and provides information to the community on the projects.

Attachment A to this report is the Regional Development Projects List, which is a list of development projects that could potentially result in impacts to the City. Attachment B is the Regional Development Projects Map. Numbers have been placed on the map to correspond with the projects on the list and are also included in the project summaries below. The report and map can be found on the City's website at www.beverlyhills.org/regionalprojects.

DISCUSSION

Since the last quarterly report on April 5, 2016, two projects have been added to the list of monitored projects and one project that has previously been monitored by the City has had a change in status. These projects are summarized in this section. New information included in the project updates is provided in italicized text.

New Projects

23

Fox Studios Master Plan – 10201 W. Pico Boulevard, Los Angeles

The proposed Fox Studios Master Plan project includes a master plan for the 53 acre Fox Studios Campus located in an area bounded by Avenue of the Stars, Pico Boulevard,

Olympic Boulevard and Galaxy Boulevard. The project requires the amendment of the Century City South Specific Plan to permit the development of up to 1,099,300 square feet of new development (office space, stage space, support space and “specialty space”). Building heights within the proposed area may be built from 45 to 168 feet above finished grade. A total of 8,298 parking spaces would be provided on the project site. The City received a notice of preparation for a Draft Environmental Impact Report in May and submitted comments to the City of Los Angeles requesting the study of issues related to traffic and construction impacts, in the Draft Environmental Impact Report. Staff will continue to monitor this project and provide comments as appropriate.

24 8920 Sunset Boulevard

The proposed 8920 Sunset Boulevard project is located in the City of West Hollywood and includes the construction of an approximately 132,000 square foot, nine-story, multi-use commercial building that would accommodate retail, creative office, and art gallery spaces as well as a private club with dining, lounges, bars, and 15 guest rooms called the Arts Club. The City received a notice of preparation for an Environmental Impact Report and provided comments in a letter to the City of Los Angeles requesting the study of issues related to traffic, infrastructure and construction impacts. Staff will continue to monitor the project and provide comments as appropriate.

Project updates

20 333 S. La Cienega

The proposed 333 S. La Cienega project is located between San Vicente and La Cienega Boulevards, south of West 3rd Street, adjacent to Beverly Hills. The project includes one 19-story mixed use tower with 154 luxury housing units and space for a restaurant/café and grocery store. An application for the project was filed with the City of Los Angeles on March 3, 2015. The City received a notice of preparation of a Draft Environmental Impact Report in January 2016. Staff provided a comment letter to the City of Los Angeles regarding concerns related to potential traffic and construction impacts resulting from the proposed project. Staff will continue to monitor the project and provide project updates as appropriate. *The City received a notice of availability of the Draft Environmental Impact Report in May. Staff is currently compiling comments for a letter that will be submitted to the City of Los Angeles regarding the project.*

FISCAL IMPACT

There are no fiscal impacts associated with this report.

RECOMMENDATION

Staff recommends that the City Council receive this item.
