10. Wondries Chevrolet Colorado Crew Cab Public Works Price Quote
11. Wondries Chevrolet Colorado Public Works Price Quote

RECOMMENDATION

Staff recommends City Council (1) find that the conformance with the bidding procedures in the Municipal Code would be contrary to the best interests of the City, (2) waive the bidding requirements as the City is utilizing the National Joint Powers Alliance (NJPA) bid process, and (3) move to approve a purchase order in the amount of \$1,013,467.19 to Wondries Fleet Group for the purchase of specified vehicles.

DISCUSSION

Following an annual evaluation of the City's fleet of 400 vehicles and other miscellaneous equipment, Fleet Services staff has determined that the below-listed vehicles have either met or exceeded their life expectancies:

| <u>ID #</u> | <u>YEAR/MAKE/MODEL</u> | <u>PROGRAM NO. / DESCRIPTION</u> |
|-------------|--------------------------|--|
| 022 | 2012 FORD FUSION | 00102301 / PATROL BUREAU |
| 051 | 2012 FORD FUSION | 00102104 / POLICE ADMINISTRATION |
| 054 | 2012 FORD FUSION | 00102104 / POLICE ADMINISTRATION |
| 088 | 2011 FORD CROWN VICTORIA | 00102301 / PATROL BUREAU |

| 716 | 2006 FORD F350 | 80006003 / WATER SUPPLY & DISTRIBUTION |

Vehicles selected for replacement are determined through an annual process that encompasses a number of factors, some of which are; age, mileage accumulation, physical and mechanical condition, accident and / or regular maintenance and repair history, parts and service availability and local agency rules and regulations. Replacement vehicle selections are determined by a number of considerations to include; right-sizing vehicles for divisional operations, minimizing mobile source emissions from on and off road vehicles and reducing the use of non-renewable polluting transportation fuels, in support of the Beverly Hills Sustainable City Plan to reduce both air pollution and the City's carbon footprint. The surplus vehicles and equipment are sold at auction after they have been removed from service and surplus values historically fluctuate between 5% - 30% of acquisition cost depending on specific demand.

After a joint deliberation with the Police Department, Information Technology Department, and Public Works Department staffs, Fleet Services concurred with the Departments' requests to replace their vehicles with assignment specific selections to include two Ford Fusion Hybrid Sedans, seven Ford SUV Interceptors, four Chevrolet Colorado Pick-Ups, two Ford F150 Pick-Ups, seven Ford C-Max Hybrid Sedans, a Ford Transit Connect Van, a Ford F450 Service Body Truck, and a Ford F550 Service Body Truck. These replacement vehicles are necessary in order to satisfy job duty requirements and also ensure that the vehicles in the City fleet are safe, reliable, modern, and relevant to the user's current and future needs. Historically, Fleet Services has utilized two or three light duty vehicle purchases from different vendors to arrive at the best purchasing option for the City. For Fiscal Year 2016-2017 research has proven that the best purchasing option for the City is to consolidate the light duty vehicles into one single vendor purchase. This single 25 vehicle purchase represents approximately 6% of the City's fleet of vehicles and 46% of the replacement vehicles being purchased this fiscal year.

After careful evaluation of various purchasing options and pricing, staff determined that it is in the best interest of the City not to proceed with its own bid process and utilize the bid process of the National Joint Powers Alliance Procurement Contract #102811-NAF (See Attachment 1). Staff determined that using the National Joint Powers Alliance procurement resources, manpower and purchasing power gives the City the best pricing opportunity. Wondries Fleet Group intends to extend the same terms, conditions and prices that are stipulated in the National Joint Powers Alliance procurement contracts which commenced on January 17, 2016, to the City of Beverly Hills as noted in the chart included in the Fiscal Impact section below.

FISCAL IMPACT

Summary of the Vendor's price quote for the Police, Information Technology and Public Works vehicles specified by the City of Beverly Hills (See Attachments 2 through 11) as follows:
