SUBJECT: **General Plan Amendments – Step One**
Planning Commission Resolution and Integrating Amendments into Existing General Plan.

MEMORANDUM

On August 6, 2009, the Planning Commission called for a resolution recommending adoption of the Step One amendments. Staff recommends that the Resolution be considered after the Planning Commission has had an opportunity to see how the Step One amendments would be integrated into the existing General Plan. A matrix will be presented at the meeting illustrating this approach and will detail which goals and policies from the existing general plan will be retained, deleted or modified and, where appropriate, cross referenced to new goals and policies to the existing general plan. Further discussion on this matrix and the Step One amendment will continue to September 24 as (Attachment A).
