also proposes a new commercial building (90KSF), compliant with the proposed C3 zoning, with 274 parking spaces (257 required).

Jeffrey Mirkin (O)  
(310 278-1021)

Entitlements/Environmental:

- DPR – Project Exceeds 2.5KSF (Wilson)
  - GPA – Change Land Use Designation
  - ZTA - Change to C3 District
  - Environmental Impact Report (Consultant: Rincon)
- (PLANNER: DAVID REYES 310 285-1116, [dreyes@beverlyhills.org](mailto:dreyes@beverlyhills.org))

**121 San Vicente Blvd: FILED 4/20/09.**

Demolition of existing one and two stories buildings, construction of a new three story building (42.2KSF) and four level subterranean garage with 199 required parking spaces. Proposed uses include medical office (36.4KSF), general office (3.8KSF), and restaurant (1.9KSF) at the ground floor. Some required parking spaces are provided in a tandem configuration, which requires approval of a variance. Garage ingress/egress is proposed from San Vicente Blvd.

**PROJECT DESCRIPTION**

**OWNER (O), APPLICANT (A), LOBBYIST (L)**

**NEXT MILESTONES / NOTES**

**125 S. Camden Drive (Residences at Saks Fifth Avenue): FILED 5/26/09.**  
 Proposed construction of a six-story, 66-foot tall, 44-unit residential building. A General Plan Amendment and an Overlay Zone are proposed to allow the building height to exceed code requirements (maximum 55 feet allowed on the site closest to Wilshire and 45-foot allowed elsewhere on the site). The Overlay Zone would also allow the building to exceed the City's maximum building length of 175-feet, as the project is proposed to be approximately 210-feet in length. The project would include two levels of subterranean parking to provide 127 required parking spaces. Approximately 16.2KSF of common and private open space would be provided in the form of courtyards and terraces. The maximum height of the project would be 66 feet, closest to the Wilshire side, 55-feet in the center of the project and 44-feet on the portion of the project closest to the existing multi-family development. Vehicular access to the site would be taken from South Camden Drive.

**03/18/10:** Project Deemed Incomplete

- No hearing date identified at this time.

**9936 Durant Drive:** FILED 12/21/07.

Demolition of existing courtyard-styled apartment building designed by Robert Derrah and construction of a new 4-story, 45-foot tall, 13-unit condominium building. The loss of the existing building results in a significant, unavoidable cultural resources impact and requires the preparation of an EIR. To offset to the loss, the applicant is considering a public benefit package that includes deeding two affordable income units on site to the City and construction of a green building in compliance with city standards (the green building ordinance became effective after the project was determined complete for filing and therefore, is not required to comply with the green building ordinance). The project qualifies as a State Density Bonus project under State law and local ordinance. Based on the amount of affordable units being provided, the applicant is entitled to one development incentive or waiver from zoning code requirements. The applicant proposes a reduced rear yard setback from the code required 15 feet to 10 feet. There is an alley located at the rear of the property.

Entitlements/Environmental:

- DPR – Project Exceeds 2.5KSF
- R4 Permit – Additional Paved Walkways in the Front Yard

- VTTM – Condominium Subdivision
  - Density Bonus – Increased Density due to On-Site Affordable Housing Units
  - EIR (Willdan)
- (PLANNER: RITA NAZIRI 310 285-1136, [maziri@beverlyhills.org](mailto:maziri@beverlyhills.org))

**9231 Olympic Blvd (Former Ford Dealership): FILED 1/14/09.**  
 PROJECT IS INCOMPLETE AND EXPECTED TO BE WITHDRAWN.  
 Tenant Improvement to convert existing auto-service facility into a medical office building. The project is subject to the C-3T-2 Parking Ordinance passed by the City Council on April 7, 2009.  
Entitlements/Environmental:

Mayflower Holdings, LLC (O)  
 No contact information available  
 Neal Borsuk (A)  
 (310 457-2253)

- No hearing date identified at this time, application expected to be withdrawn
- Separately, a building permit application has been filed and is currently under review. Approval of the building permit would allow a medical use at this location. If required parking and loading is provided onsite, the establishment of this use is an administrative action and not subject to a public hearing before the Planning Commission.

**9754 Wilshire Blvd: FILED 6/3/08**  
 PROJECT IS INCOMPLETE AND EXPECTED TO BE WITHDRAWN.  
 Demolish existing building and construct a new seven story Class A office building with retail and restaurant uses. The proposed project is 100 feet tall and includes a floor area ratio of 5.0  
Entitlements/Environmental:

**NEXT MILESTONES / NOTES**

**9001 Wilshire Blvd: FILED 05/06/10**  
**PROJECT FILING IS INCOMPLETE.**

The Beverly Hills Surgery Center (Suite 106) is requesting approval to allow patients recovering from outpatient surgery to remain at the clinic for a period not to exceed 24 hours. A maximum of four patients would be recovering at the clinic at any one time. The existing building was approved for medical use in 1997 and contains approximately 43,500 square feet of floor area. The building is three stories tall (45 feet) and has 144 parking spaces. No additional parking is required for the proposed use.

• No hearing date identified at this time

Entitlements/Environmental:

- Overnight Stay Permit to allow patients to stay no more than 24 hours at the facility
- Project is exempt from CEQA  
 (PLANNER: RITA NAZIRI 310 285-1136, [rnaziri@beverlyhills.org](mailto:rnaziri@beverlyhills.org))

**9601 Wilshire Blvd: FILED 05/27/10**

**PROJECT IS UNDER REVIEW.**

Sports Club LA is seeking to amend an existing Conditional Use Permit to change a condition of approval that requires two hours of free customer parking and, thereafter, rates may not exceed that of the nearest city parking structure. The proposed change is to permit one hour free customer parking and a flat one dollar rate for each hour thereafter. No physical change to the interior or exterior of the building is proposed. The site is currently developed with an eight story building containing approximately 282,500 square feet of floor area. Sports Club LA occupies approximately 39,000 square feet. There are 807 parking spaces on site. The prior CUP (approved in

Sepulveda Realty and  
 Development
