RE: TRAFFIC COMPLAINT

Dear Jeff and Brian,

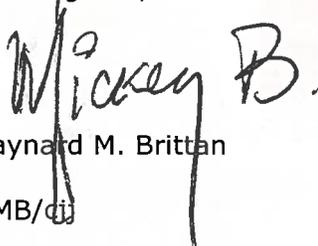

Thank you so much for allowing me the opportunity to vent my frustrations regarding the "scoff laws" victimizing our fair city:

1. Speeders and non-stoppers - Every weekend night on Lexington westward from Benedict Canyon to Whittier. I am afraid to cross Lexington, Roxbury or Whittier when walking my dog after 9:00 PM.
2. Non-enforcement of cell phone ordinances - Everywhere, every day, all day long. Easy to spot by erratic driving (slowing through intersections, crossing center lines, etc.). Worst offenders - Beverly Hills Cab Company!!!
3. Tourist vans - Non-compliance with age old ordinances regarding interference with traffic, convoying in groups of two or three, and loud speakers in open-air vehicles. Really an expensive and continuous nuisance in our lovely north side.

It seems sensible and logical to enforce our traffic ordinances vigorously, not only for health and safety reasons, but think of the possible revenues to be generated.

Again, I appreciate your time, energy and dedication to our community. If you, or your staff, need more details, please let me know!

Best regards,

Maynard M. Brittan

MMB/dj
