

CITY OF BEVERLY HILLS
TRAFFIC & PARKING COMMISSION

Meeting of August 5, 2010

TO: Traffic & Parking Commission
FROM: Department of Transportation
SUBJECT: Staff Status Report

The purpose of the staff report is to provide the Commission with updates on pending items; therefore, the Commission cannot make formal recommendations on these items.

Westside Subway Extension

Staff will provide an update under separate cover.

Olympic Boulevard Multiple Family Ad Hoc Committee

According to 'institutional memory,' the multiple-family units on the north side of Olympic Boulevard between El Camino and Linden Drives were allowed to purchase a Zone C permit based on their demonstrated need to purchase an overnight permit. The number of preferential parking permits was limited to the number of overnight parking permits the resident held. According to Customer Service records, there are 80 overnight parking permits issued to this area and 176 Zone C permits.

The Ad Hoc committee (Vice Chair Levine and Commissioners Steinberg and Licht) and staff recommend the current practice of issuing Zone C permits to multiple-family residents on the north side of Olympic Boulevard continue, with the caveat that current residents follow the same eligibility requirements and limits for overnight parking. Additionally, the exemption will apply to current recipients only and cease once there is a change in tenant. There is a fair amount of turnover in these multiple family units, thus the number of Zone C permits issued will be reduced over the next few years.

Staff recommends that requests for preferential permit parking regulations for this area be reviewed based on receipt of a qualifying resident-initiated petition. The lead petitioner for the 300 South Rodeo Drive petition has withdrawn the original petition, and a resident from Zone AZ on the multiple-family section of 400 South Elm Drive has expressed interest in submitting a petition to amend the current permit parking regulation.
