**TO:** Traffic & Parking Commission  
**FROM:** Transportation Staff

---

The purpose of the staff report is to provide the Commission with updates on pending items; therefore, the Commission cannot make formal recommendations on these items.

**a. Trousdale Estates - Loma Vista Drive**

Staff is providing an update on Trousdale Estates traffic safety at the August 5, 2014 City Council Study Session. The report will be available on-line by Saturday, August 2, 2014.

**b. North Santa Monica Boulevard Reconstruction Project**

Per City Council direction, the Psomas team is analyzing traffic impacts of different construction scenarios. Mayor Bosse appointed a City Council ad-hoc Committee comprised of herself and Councilmember Brien. Staff plans to return to the City Council with the results of the traffic impact study in September.

**c. Tour Bus/Vehicle Activity**

On July 1, 2014, Mayor Bosse appointed Councilmembers Brien and Krasne to review tour bus activity on Rodeo Drive and in the business triangle. The Council expressed concern about oversized vehicles encroaching on narrow travel lanes, blocked intersections and left-turn movements.

In response to a request from *Louis Vuitton* to relocate the current tour bus passenger loading zone on Dayton Way, staff and the Traffic & Parking Commission *Tour Bus ad hoc committee* will also seek direction from the Council representatives (and key business stakeholders) on possible alternate tour bus loading zone location(s) before the end of the calendar year.

**d. Walter's Café – Customer Loading Zone**

Staff contacted representatives from *Walter's Café* and *Luther Burbank Savings* for a status on the proposed shared parking offered by the bank for restaurant clientele and the general public. Attachment-1 is a copy of a letter sent to both parties requesting a status of the shared parking arrangements. Lacking any communication or mitigation, staff will return September 2014 with options to address the request by *Walter's Café* initially presented in April 2014.
