

CITY OF BEVERLY HILLS
PUBLIC WORKS SERVICES DEPARTMENT
MEMORANDUM

TO: PUBLIC WORKS COMMISSION

FROM: Trish Rhay, Assistant Director of Public Works Services – Infrastructure & 
Field Operations

Michelle Tse, Senior Management Analyst *MT*

DATE: April 9, 2015

SUBJECT: WASTEWATER CAPACITY FEES

ATTACHMENT: None

Staff and consultant Raftelis Financial Consultants, Inc. will present the methodology used to establish the wastewater capacity fees and anticipated project timeline. The methodology used to calculate the wastewater capacity fees will be similar to the water capacity fee approach.

As the Commission may recall, the purpose for establishing a wastewater capacity fee is to account for anticipated wastewater demand increase due to increase in larger properties and/or increased development.
